Matt Wiertel

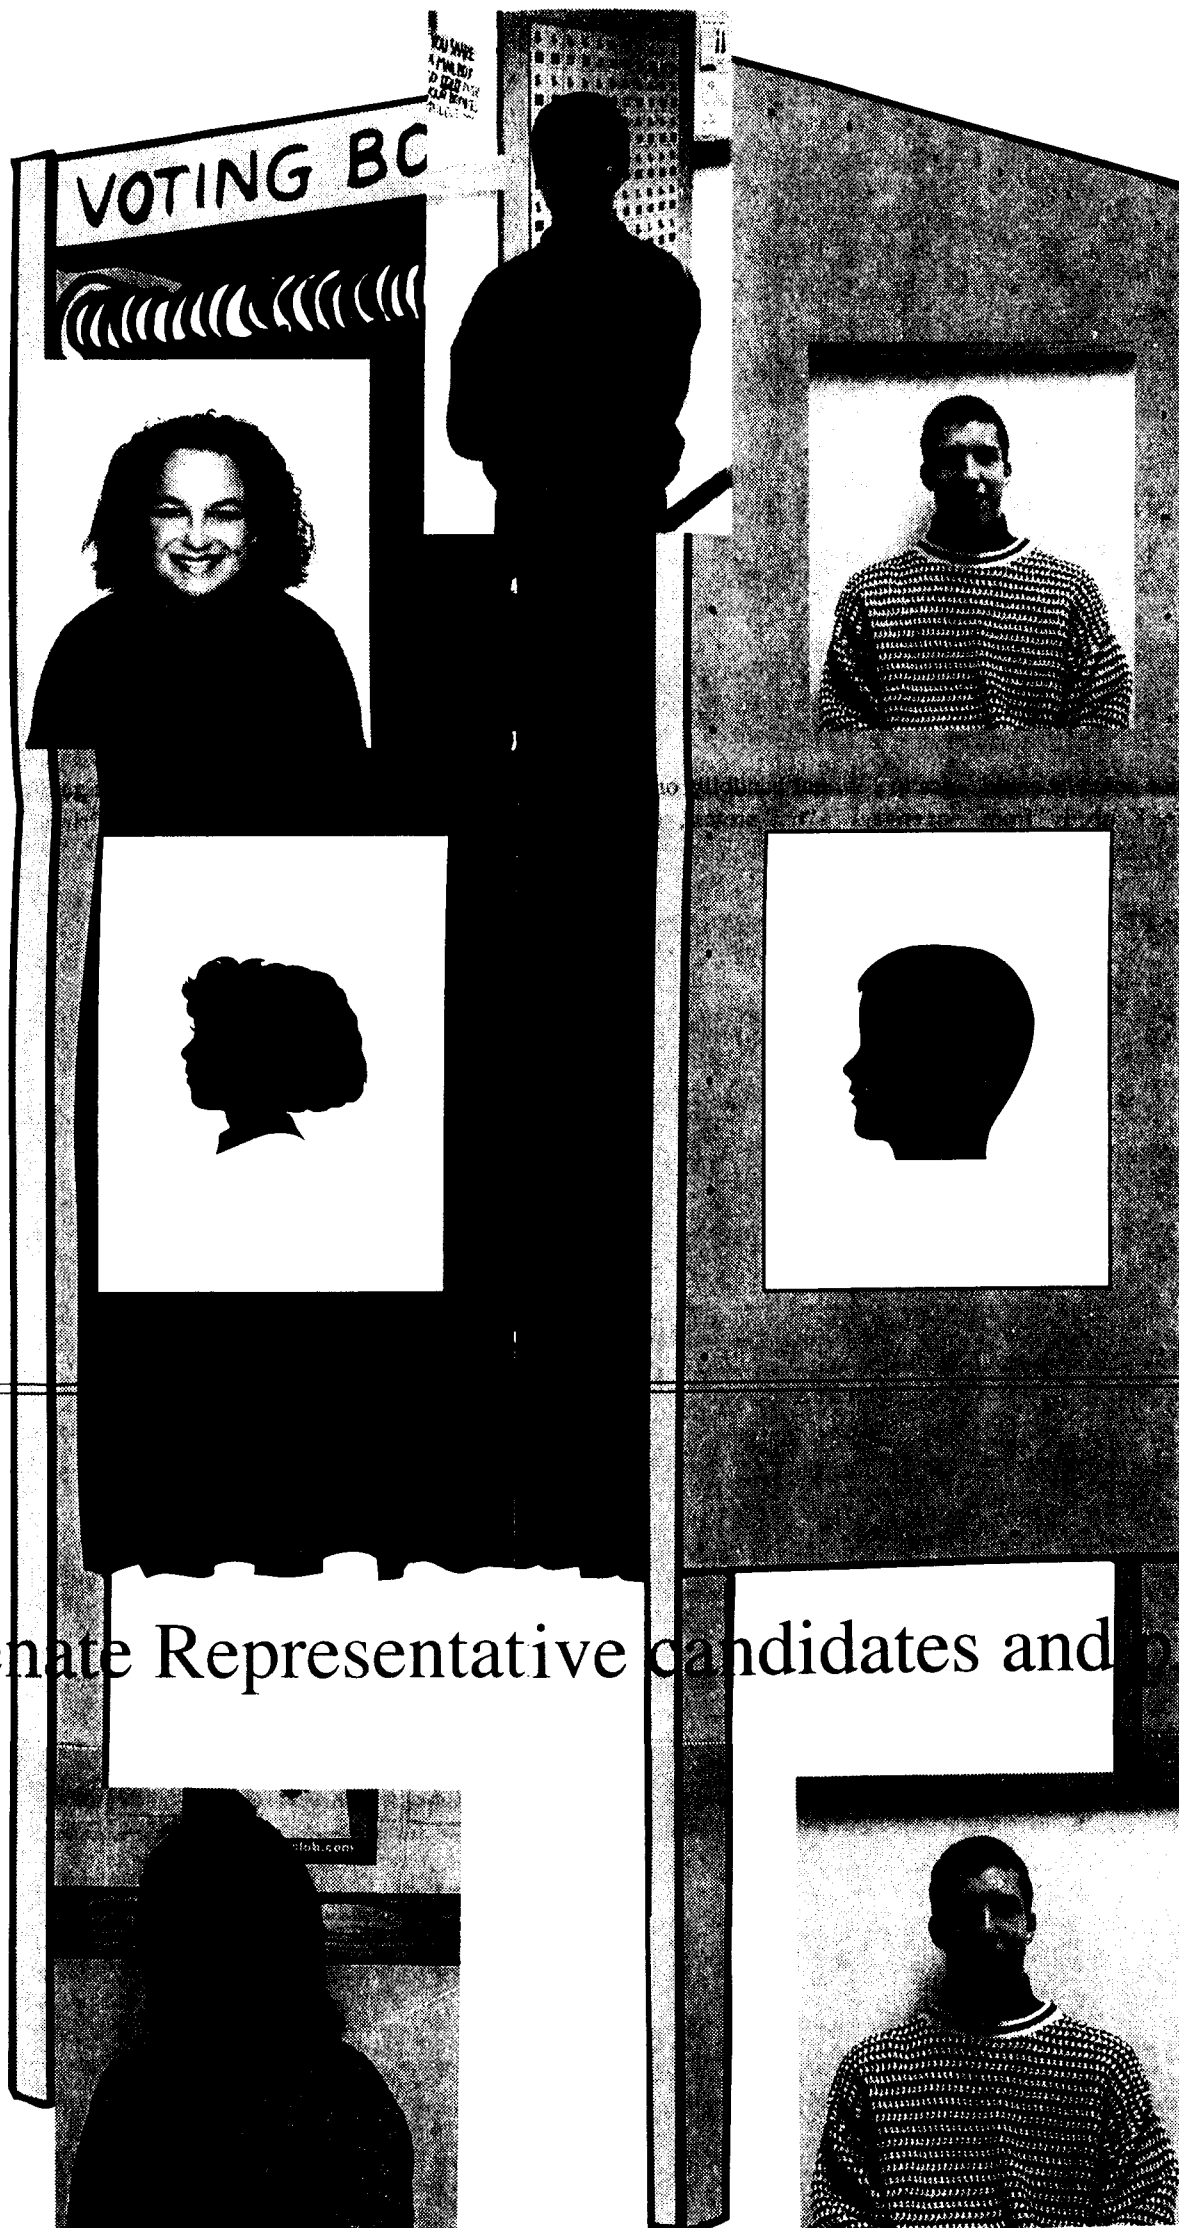

Student Government is a very influential organization. Due to this fact, we must have representatives who are dedicated to listening to what the students want and consequently writing policies to reflect student issues. If elected my main focus will be to bolster student involvement and to see to it that the students are no longer alienated from SGA. If you want a new independent voice, vote for Matt Wiertel on February 2nd and 3rd.

Brandi Hovis

So have you ever voted for a SGA Senator since you have been at Behrend?? For those that answered NO, I want to change that answer. My name is Brandi Hovis and I am running for a Student Government Senate seat. I am a sophomore and my major is Business Management. I plan on earning a degree at Behrend and feel that I am qualified for this position. I am reliable, hard working, and open-minded. I work in groups well and have developed my leadership skills. I have experience working in student government organizations, as I was involved for four years in high school. I served as both secretary and vice-president for student council. I would like to be involved with this organization in order to improve aspects of student life by bringing more student involvement and programs to Behrend. I will do this if you vote for me February 2nd and 3rd outside of Bruno's.

I want to be YOUR senator! BEHREND can be a BETTER institution! YOU want PERFECTION! I want CHANGE! YOU can vote! Thank YOU!

Jason Nachman

As a student I know that it can be difficult to get your opinions and interests across, especially while dealing with schoolwork as well. Our ideas are very important in creating a positive college experience. If students are unable to voice their opinions, valuable insight is lost. If I am elected to the position of Student Senator I will represent the student body to the best of my ability, and our voices will be heard.

University Faculty Senate Representative candidates and platforms

Jenny Zhang

University Faculty Senate is a position that requires attending the senate meeting on one Tuesday of every month at State College. As for why I am running for the student senate position, I am confident to discuss the interests and needs of the student body of Behrend with the faculty body and administrative board of the university. I will be conscientious in giving constant reports and feedbacks to the Student Government Association and the rest of the student body. Thank you very much.
