

# WORKING toward the Future...

Complete coverage of the summer renovations will be in upcoming issues of the Beacon.

The Biology Department has some new labs to work in this Fall 2000.

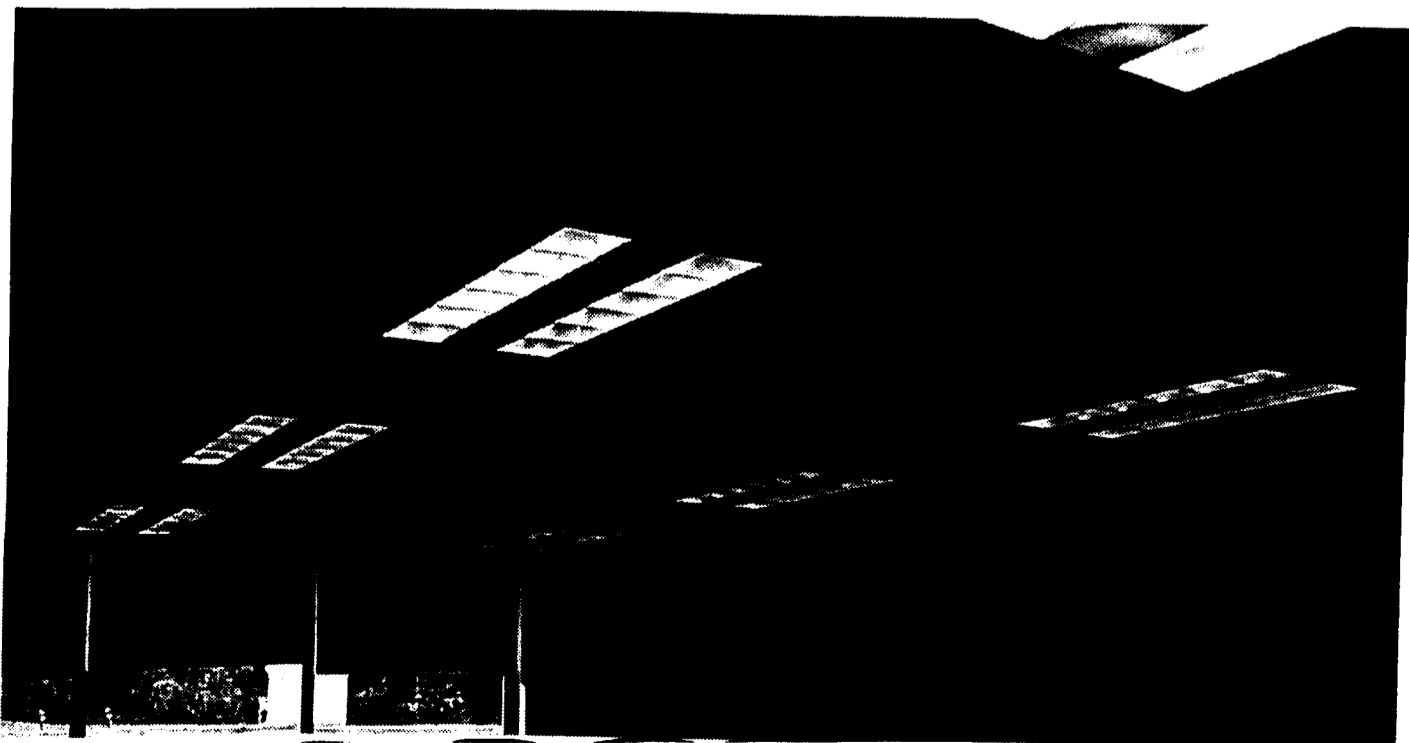

The Otto Behrend Science Building added new doors at the entrances to the hallways in addition to air conditioning.

Renovation included some new desks and chairs to make students more comfortable in class.

Behrend has become more handicapped accessible with an elevator in the Reed Building.

New ceilings and lighting have been added in Behrend's Science Building and Upper Nick.

The new observatory has broken ground behind the Science Building.
