What A Girl Wants....

You haven't called her for three days? Yeah, that's gonna be a problem. While we can't reasonably expect to be the center of your universe, an outer planet would be nice. We understand you work and have homework and your friends, but these are not excusesthey are obstacles, and obstacles can be overcome.

No, you don't have to drop everything to have a relationship with us, but a small effort when you're busy shows us that you care. And that's really what we're after when we complain about your schedule. When you don't call it says to us that not only could you not find the time to talk to us in three days, you couldn't make the time. And that makes us think we're not important. It only takes 15 seconds to say, "Hey, I'm on my way to work, just wanted to say hi." At this point, you could actually hang up on us and it wouldn't matter. See how easily we're pleased.

Do you have a relationship question? If so, send it to Behrcoll5@aol.com and have it answered by our relationship experts. Answers will be given in our features advice column from a male and female point of view.
