

## Question of the Week

by Jen Henderson, associate editor

*"If the Steelers played Penn State who would win?"*

"Penn State will win because we have spirit (shown at last week's game)."  
Adam Nunez  
Aerospace Engineering, 01

"Penn State, just because I think so."  
Melissa Grandin  
Psychology & Elementary Education, 05

"I think Penn State would kill them, the Steelers are overrated. I feel bad for Steelers fans."  
John Dalvet  
Finance and Business Econ, 07

"The Steelers because they are a professional football team."  
Jamila Sheikh  
International Business, 05

"No doubt Penn State will win. Simply because they can't lose. They are winners."  
Othman Bellamine  
Industrial Engineering, 03

### FROM FRONT PAGE

#### CEO

grant university. Candidates should have significant academic and administrative experience with credentials appropriate for a tenured appointment at the rank of professor. "Candidates need to be a strong, academic leader, they need to have a vision for the future, set policies, and interact with the students as much as possible," said Burke.

It is too soon to tell how the process is going, but the Search Committee is working together and are doing the best that they can. The Committee will begin to review applications on October 15, and will continue to receive them until the position is filled. If everything goes well, and things go according to schedule, the new CEO should be hired by January 1, 2003 at the very least.

Dr. Jack Burke has served as Interim Provost and Dean since Dr. John Lilley left. A search is underway for a new CEO and Dean.

### SGA gets ready for a new year

by Jen Henderson  
associate editor

The Student Government Association gained some important assets to its association and to the Behrend campus this week during freshmen elections. Newly elected freshmen are Alexander Henderson, Gillian Young, and Chris Triche.

"I am extremely excited about being a part of SGA," said Triche. "I always wanted to be a part of a student government program. I look forward to working with SGA to make everyone's college experience a rewarding and pleasurable one."

Young was similarly excited to become a senator.

"Good better best. Never let it rest until your good is better and your better is best." This means that each and every student in this school should strive to be the best by becoming better at whatever they are doing," said Young.

"I'd like to thank all the students who voted in the SGA election earlier this week," added new senator Henderson. "Now that I have been elected as a senator it is my hope that I will be able to improve Behrend by helping to decide important issues facing SGA and the Behrend community."

Elischia Fludd was also named the new Secretary of the organization.

SGA is a group that divides its interests among nine committees. The Academic and Advising Committee, chaired by Alex Wu and co-chaired by Scott Soltis, hears students' academic concerns and works on improving the quality of advising.

The Budget Committee, headed by Katie Leary, allocated money to the SGA organizations. Almost every club/organization on campus is an SGA funded organization.

The Constitutional Review Committee (CRC) is chaired by Julie Lafferty and works on amending the SGA constitution.

The Diversity Committee is co-chaired by Olga Nacalaban and Tameka Tilliman. This is a newly formed committee that is designed to promote and facilitate diversity on campus.

Jeremy Adlon is chair of the Election Committee which recently just organized this year's freshmen election.

Public Relations Committee is co-chaired by Jessi Dearolf and Kristin Grudowski. They promote SGA functions and put up all the colorful signs that students see everyday on campus.

Student Life is headed by Tim Meyers, who basically addresses student concerns at Behrend.

THON is chaired by Michelle Rizzo. The yearly 48-hour dance marathon raises money for children with cancer. Last year's THON was held at Rec Hall at University Park and raised more than \$3.6 million.

Governmental Affairs is chaired by Scott Soltis. This committee lobbies about tuition and its increases.

At an SGA open meeting next week, Bob Metzgar will speak. Metzgar is on the Board of Trustees and will go over the tuition process and the money that is asked yearly to be allocated by the state.

## Art professor Garner sees beauty in Behrend campus

by Aimee Pogson  
staff writer

Anne Garner is the newest addition to Behrend's Art Department. Garner teaches Art History Survey, Integrative Art, and American Art. She has a bachelor's degree in Fine Arts and Painting, a master's degree in the Fine Arts, a master's degree in Humanities and is currently completing a degree in Art History. Her thesis looks at the influence of the indigenous side of Peruvian colonial painting.

Garner was born in Scotland and her family immigrated to the United States after the Second World War. She grew up in the Buffalo area and later attended the University of Buffalo, a branch of the State University of New York.

After graduation she taught art at the State University of New York. While teaching, she also exhibited and sold some of her own paintings at various painting shows, and art galleries in Buffalo.

During her free time, Garner is devoted to painting and art history. She has also traveled

extensively. She took a trip to Mexico and toured throughout the country, looking at different pyramid centers. She has been to many European countries and cities including the United Kingdom, Paris, Rome and Cyprus. During these trips she "absorbed the vibes" of different works of art at museums such as The Louvre, The British Museum, and also the Vatican.

When asked about Behrend and the Erie area, Garner enthusiastically replied, "I think Behrend is the most beautiful campus, the environment is so upbeat. I find it refreshing, everyone seems so happy here."

She cheerfully suggested that the attitude of the Behrend students and faculty might be caused by the Lake Erie air. She also explained that the landscaping is so nice on the campus, she doesn't mind walking to and from different buildings.

Besides loving the Behrend campus and art, Garner also absolutely loves cucumber and tomato sandwiches.
