CELEBRATE NATIONAL CHEMISTRY WEEK:
ATTEND AN EVENT, DRAW A POSTER

Children and adults in the Erie area are invited to take part in National Chemistry Week activities scheduled for Oct. 25, from 10 a.m. to 4 p.m. at the Millcreek Mall and Saturday, Nov. 8, from 11 a.m. to 2 p.m. at expERIENCE Children's Museum, 420 French St. Activities will center on this year's theme, "Earth's Atmosphere and Beyond!" and all events are free and open to the public.

National Chemistry Week is sponsored annually by the American Chemical Society, the world's largest scientific society. This year's theme, "Earth's Atmosphere and Beyond!" was sparked by the Earth's recent close encounter with Mars and the public's growing fascination with astronomy and our galaxy.

At the Millcreek Mall on Saturday, Oct. 25, children and adults are invited to participate in hands-on chemistry activities that demonstrate and celebrate this year's theme. At the expERIENCE Museum on Saturday, Nov. 8, children ages 4-10 will have an opportunity to learn how chemistry affects the Earth and sky.

Students K-12 are invited to participate in the National Chemistry Week Poster Contest by drawing a poster illustrating contributions made by chemistry to the advancement of aviation and atmospheric chemistry. Some topics to be considered might be air, weather, rainbows, the ozone layer and clouds. Posters may not exceed 8 1/2 by 14 inches and must be drawn using crayons, paint, colored pencils or markers. One entry is permitted per student. The person submitting the winning poster will receive a chemistry T-shirt and a hands-on chemistry program for their school.

SMITH CHAPEL AND CARILLON
EARN ARCHITECTURAL RECOGNITION

The Larry and Kathryn Smith Chapel and the Floyd and Juanita Smith Carillon at Penn State Erie, The Behrend College, have been selected to appear in the 2003 American School and University Architectural Portfolio issue. Judges for the issue selected 207 projects from across the United States to be profiled in the November publication, a sourcebook used all year by administrators at schools and universities across the country.

"This is a wonderful tribute to the design excellence of the Smith Chapel and Carillon," said Dr. Jack Burke, campus executive officer and dean of Penn State Erie. "I congratulate Noelker and Hull, the architects who designed the building, on this recognition."

The Larry and Kathryn Smith Chapel was dedicated in June 2002. It is a multi-faith chapel available to students, faculty, and staff for worship, meetings, concerts, and gatherings. The college will dedicate the chapel's pipe organ, given by the Smiths in honor of their children, Colleen and Kevin, on November 8.
