## A Closer Look

### ATTENTION PLASTIC ENGINEER MAJORS!

Students in the plastics engineering technology program at Penn State Erie, The Behrend College, will reap benefits from the newly created David G. and Bonney C. Daubenspeck Trustee Scholarship. The scholarship, created to assist undergraduate students with financial need enrolled in the plastics engineering technology program, grew from David G. "Grant" Daubenspeck's first-hand experience as an adult student.

During the past academic year, Penn State Behrend presented more than \$540,000 in scholarships from its endowed scholarship funds. Since 1996 the number of endowed funds has grown from 58 to 113, and the college's endowment has grown from \$5.3 million to \$34 million.
