## A Closer Look

### VOICEMAIL INACCESSIBLE? DON'T KNOW WHERE TO TURN? LOOK HERE!

In order to set up your Student Voice Mail, pick your phone up now! First Dial 7100 and then put in the mailbox number, which is not your phone extension number. This is very important: your mailbox number is not your phone number. After pressing the pound sign, you will need to enter the password 135 followed by the pound sign. You will then be able to reset your password to something more memorable.

In order to put in your greeting, press 311. Press one again to record the message you would like your callers to hear. Press pound to approve and activate your greeting.

In order to retrieve your voicemail, dial 7100 again. Put in your mailbox number and press pound, then your new password, and press pound again. At the menu, press two to hear your messages.
