Freshmen and upperclassmen senator and club representative candidates

The Penn State Behrend Student Government Association is holding its annual elections for senator seats and club representatives. The deadline for submission was Sept. 18; however, due to lack of interest, the deadline for submission to run for an office has been extended to Thursday, Sept. 27.

If you are interested in running for an office, stop by the RUB Desk in Reed for an informational packet.

Ben Branzinski

The Student Government Association is considered the voice of the student body here at Penn State Behrend. If allowed the opportunity to serve as a senator in the SGA, I will provide the strong voice we students need in order to be heard. With a record number of students attending Behrend, issues such as overcrowded dining halls, limited parking, and inadequate on-campus housing need to be addressed. Having previously served as an SGA senator, I carry the understanding and experience needed to represent us students. Thank you for your time.

Matthew Foulk

I feel I would be a good choice for Freshman Senator since I am a student who will go get things done. I am dedicated to Penn State and hope to have an active part in its growth. I have experience in holding positions on councils and was the president of National Honor Society and vice president of French Club in high school. The most important part of why I should be made a Senator is that I understand that it is not my opinion that matters; it is the opinion of the students on campus that I represent.

Danielle Price

I am currently a sophomore here at Penn State Behrend, and I am running for senator of our student government. I am running this semester to help the students express their voices and opinions. My goal for this year is to keep the effectiveness of SGA high, and hopefully help our campus grow. If elected I will take the necessary steps to get what the student want. So I am asking for your support that you will vote me for SGA, so that I can try to make Penn State Behrend an even better campus.

Christin Tripi

SGA, shares my desire to serve the student body of Behrend by providing them with the tools and knowledge to better relationships between their professors, their peers, the Behrend faculty, and philanthropist on and off campus. I intend to be an active member on the Academic Affairs committee and the Public Relations committee through SGA. These committees are liaisons between the student body and Behrend which hope to generate a more enriching collegiate experience for all. I hope to be apart of this by voicing your opinions as a new SGA senator! Please make a progressive vote, by voting for me, in the upcoming election!

Lauren Kennedy

Theta Phi Alpha is a diverse group of individuals with great knowledge about campus and great passion for the future of Penn State Behrend and its students. We believe we can bring strong dedication to the Student Government Association by setting an example as an organization on campus that cares about what is best for the student body. We are aware that the decisions we make will directly affect students and the campus immediately and in the future. We understand and respect the importance of the Student Government Association and are confident that we will be able to bring a new and useful perspective to the table.
