Aries (March day. 21-April 19): No huge life changes now. Those stitches haven't healed up yet. Thanks for the kidney.

Taurus (April 20-May 20): You're in a mischievous mind-set, and your imagination is expansive. But no matter how fun it might be, covering the dean's house in a giant gelatin mould is a bad idea.

Gemini (May 21-June 21): You're exempt from modern problems. Thank goodness you decided to runaway and join the Amish.

Cancer (June 22-July 22): Most of the feelings your loved ones are expressing to you are not being conveyed in words. They're being conveyed in punches and kicks to the head while you're curled up in the fetal position, make sure your health insurance is paid up. P.S. Try returning that CD you borrowed.

Leo (July 23-Aug. 22): Look into the mirror, take note of what you see. Because come tomorrow all that will have changed. It's up to you to make the best of it.

Virgo (Aug. 23-Sept. 22): The one thing you can count on is that today will not unfold as it was supposed to. Instead, it will unfold like it was supposed to yesterday.

Libra (Sept. 23-Oct. 23): You like to appear self-contained, but be careful not to be smug about others' help. Those technicians are there to make sure you don't go super-critical.

Scorpio (Oct. 24-Nov. 21): If you get what you want, great. If you don't, no big deal, right? Wrong, you've waited to long for what you want, It's time-say the words.

Sagittarius (Nov. 22-Dec. 21): When someone lights up your life, you never want to change the bulb. It's good thing too. Those compact fluorescents are expensive.

Capricorn (Dec. 22-Jan. 19): Happiness depends on your daily routine. If your day starts off by running away from some girl's father, who happens to be shooting at you, you might not be the happiest guy around.

Aquarius (Jan. 20-Feb. 18): The qualities you bring to your day are what amplify your luck. So grab the rabbit's foot, seven leaf clover and a horse shoe. You'll need them.

Pisces (Feb. 19-March 20): The pressure to finish a project at a certain time will bring out your inner genius. Unfortunately for the world, your inner genius is Dr. Strangelove.

Big Brother Season Season 12: Bruno's

I've been watching you all day. I'm still in L.A., but I can see you in Bruno's at <http://www.pserie.psu.edu/aboutpsu/video/behrendlive.html>. Finally a webcam for what I want to see, blurry images of people in a building I used to frequent. Lookout YouTube, you've got competition. Who'll want to see the dog on a skate-board when they can watch live grainy footage of the lion statue? Or a distant shot of the REDC. Or the famous "East Campus."

On the things I've seen since finding this webcam. Somebody walked from the REDC to the Junker Center. I think so anyway, they might have gone to the parking lot; I hate it when it ends in a cliffhanger. Bruno's bought a sandwich, then he sat down, then get this...He ate it! Right there at a table in Bruno's. I'm very appreciative that the students will go to these lengths for entertainment. A girl in a bulky sweater walked past the lion statue, then later she had a cameo at Bruno's; it's great to see her career taking off like that.

The placement of these webcams couldn't have made more sense. The Studio Theatre would have been a bunch of construction and Improv and plays, who wants to see that besides people who watch MTV or Cinemax. McGarvey Commons would have had nothing but an endless stream of... Bruno's most important events, Behrend wouldn't want to have a rush of applicants due to the appearance as "not dull" or, heaven forbid, "active."

It's a good thing they didn't put that in a lecture hall, someone might log on and get an education they didn't pay for, pirating out professors' power point side shows. Students would skip class and just learn from their dorms. Then how will they tell their children that they had to walk up and down a snow-covered hill to get an education?

I asked some of my new L.A. friends what they thought of Behrend.

"Why's all that coke just in piles on the ground?" Asked Sunny Lopez, a movie producer and aficionado of fine powdered goods, "Someone could sell it."

"Why's everyone just sitting around?" Asked Skipdog, club promoter and guy who knows a guy, "Why don't they go to one of the many nearby clubs or parties?"

"I could make a show out of this." Said Dick Zoot, Reality TV "writer" and obsessed fan of 1940s style lingo, "Those dames need to lose the coats and show off the gams see? Then whoever gets the most text votes gets to leave town at the end of the season."

Finding this webcam in my search for Behrend themed TV has made me feel even closer to my former home. I immediately felt like I needed to get farther from my former home. Do they have the Internet in Hawaii yet?
