MARCH FOR LIFE

Washington, DC ★ January 22, 2010

- ◆ The *Roe v. Wade* and *Doe v. Bolton* Supreme Court decisions of 1973 legalized abortion for virtually any reason during all 9 months of pregnancy. Since then there have been over 50,000,000 abortions in the United States.
- ◆ Many Americans think this policy is too extreme and want to see the number of abortions reduced with more protective laws and better support for women facing difficult pregnancies.
- ◆ More than 300,000 people gathered in Washington, DC last January on the anniversary of *Roe v. Wade* to call for these changes. This January, so can you.
- ◆ Grab a seat on our 26-hour March for Life . . .

— BUS TRIP —

- ◆ Buses will leave Erie at 11 pm, January 21 and return about 1 am, January 23.
- ◆ Seats are \$40. Student sponsorships are currently available.
- ◆ Last January more than 50 Erie-area college students were among our group of 220.
- ◆ Call (814) 882-1333 for reservations or more information. See also . . .
