Batter up: SKN umpires for March of Dimes

ALLY ORLANDO
news editor

The members of the unrecognized organization Sigma Kappa Nu participated in a snowball softball fundraising event for the March of Dimes organization on Feb. 13.

SKN umpired all of the games played at the event. Between 12 and 15 co-ed adult softball teams from all over the Erie area participated in the event. Each team donated \$150.00 to the cause.

"It was a wonderful experience; we had 14 members of Sigma Kappa Nu out there having a great time while helping the community. One of the reasons our fraternity was founded back in 1983 was to better the Erie community. We are continuing to take steps to do our part in that cause," said Alex Weidner, a fourth semester student at Behrend.

According to Adam Friedman, the SKN president, the leaders of the tournament were extremely grateful for the 14+ brothers that came out in the cold weather and donated their time. SKN plans to continue volunteering for this event in the future. The March of Dimes Foundation has a multiple day softball tournament in the spring that SKN will be forming a team for.

The Sigma Kappa Nu unrecognized organization of Behrend students participated in a snowball softball fundraising event to benefit the March of Dimes on Feb. 13 at Pulassi Park on East 12th Street and Hess Avenue. The teams consisted of SKN members and adult volunteers throughout Erie.

According to Brian McElveney, the SKN philanthropist, the unrecognized organization will hold a golf outing at the end of April in which a portion of the proceeds will be donated to Make-A-Wish.

"We are hoping for a turnout of 60 alumni along with over 20 active brothers and our current

and previous sweethearts," he said.

"It is important for us as a fraternity to better our community. We felt that volunteering for an organization that covers so many different fields of medical research would be perfect. We were cold and hungry, but if so many people can remain

strong through their suffering, it was the very least we could do," McElveney said.

In the future, SKN would like to host events and fundraisers on campus, but thus far they have had problems doing so because they are an unrecognized fraternity, said McElveney.

"As an unrecognized frater-

nity we were told by Nicole Fedders, [the] Coordinator for Student Clubs and Organizations, that we would be unable to conduct any philanthropy or fundraising on campus."

"However, she was extremely helpful in providing avenues for work off-campus in the future."

Culture Events
