**Behrend Releases  
Police & Safety Report**

The Office of Police and Safety Services at Behrend work around the clock to bring full-time protection to students and faculty. These numbers are a representation of their hardworking efforts to keep the campus safe and crime-free. These findings were produced by the University Police.

Specifically, the above chart provides the different levels of offense for alcohol consumption. This, as shown on the bottom chart, is the misconduct most prevalent to our campus. While this is a serious issue, the lack of other major crimes is something we as a university can be proud of.

Unfortunately, these campus services will not always save a student from harm's way. If you, or someone you know, call:

**Victim/Witness Services Hotline**  
(814) 455-9515

**Hospitality House for Women**  
(814) 454-8161

**Alcoholics Anonymous**  
(814) 454-4730

**Pennsylvania Substance Abuse Information Center**  
(814) 459-0245

For more information for the full resources, contact the campus' police and safety services.
