### Business Club

The Behrend Business Club has scheduled its first organizational and membership meeting at 7:00 Monday, October 18th in the Quiet Lounge. ## Listening Experiment

An experiment in impact listening will be held Thursday, October 14, in the Quiet Lounge of the Reed Union Building.

Impact listening is a group listening process, where the members express their feelings on different subjects. The idea is not to listen to pass judgement, but to listen with interest and understanding. The experience is designed to help you learn to express yourself more easily, and to share your feelings. Members are given a chance to open up and understand themselves as well as the feelings of people around them.

The subject to be discussed will be religion. Dr. Frankforter, Asst. Prof. of History; Mr. Daniel, Instructor in History; and Father Patrick from St. Mark's Seminary will be present to offer reference and guidance on the subject.

This session could be the start of an impact listening program and free university program at Behrend. If you are interested, please attend. Your attendance and interest is greatly needed, for further discussion groups on other subjects.

### TUITION REFUNDS

It is imperative that all students who have requested refunds for the Fall Term 1971 from their PHEAA Scholarships bring their award letters to the Financial Officer as soon as possible. Since a listing of these scholarships from the state is delayed, verification of the scholarship award and its amount must be obtained in this manner. Refund requests will not be processed until this verification is made.

## Human Sexuality Course Offered

The Committee on Human Sexuality is sponsoring a lecture-discussion series on "Topics in Human Sexuality". It is agreed that the University has a key role in providing accurate information and expert leadership which enables students to make responsible choices when questions to human sexuality arise. To meet this responsibility, the Committee on Human Sexuality offers an excellent non-credit course which confronts and achieves effective solutions for society's sexual problems.

Miss Elynn Carroll, Asst. to the Dean of Student Affairs, stated that "a college education has an obligation to provide students with an increasing body of knowledge concerning themselves, other human beings, and their relationships."

The program involves attending seven lectures (one each week and the discussion concerning the topic following each lecture. Qualified lecturers are selected in cooperation with departments within the University, and Erie area

to expand its membership this year and will invite approximately 25 new members because Behrend is now a four year college.

The officers of this year's society are: Mike Joyce (5th Pre-Law, Erie), president; Jim Lyons (4th, IFS, McKees Rocks), vice-president; Janice Shultz (4th, IFS, Butler), secretary; and Bob Skwaryk (5th, Pre-Med, Erie), treasurer.

The goal of the Behrend Keystone Society, which is a branch of the University Park Society, is to incite interest in the activities on campus. It also supports and donates to various off-campus organizations and programs through money-raising projects. The highlight of the year for the society is the sponsoring of the Honors and Awards Banquet, held during the spring term. At this banquet outstanding students are recognized for their participation in campus activities.

## Readers' Program

Mix a ghost story or two, add some science fiction and a pinch of Halloween stilliness and you have the formula for the upcoming Readers program.

The "strictly for fun" program is scheduled for Tuesday, October 16th at 7:30 p.m. in the Studio. Tickets will be on sale soon for just a quarter.

The performers in this year's program are hoping for weather in the real Halloween tradition. That, together with candlelight and grinning Jack O'Lanterns helped to establish the atmosphere that so many Behrend students enjoyed at last year's presentation.

Because of the over-capacity crowd that attended last year, the Readers will present the Halloween show twice if there seems to be a similar amount of student interest.

agencies and professional societies. Volunteers for discussion leaders will be trained at a "staff" session.

Dean Carroll encourages any interested student to attend the meeting in the Memorial Room on October 19th at 4:30 p.m. or contact Mr. Hohwald, counselor for Division of Counseling. Anyone is invited to serve on any of the following committees: Speaker Committee, Publicity Committee, Program Committee, and Registration Committee.

This year the topics will be more involved and related to the human aspect of sexuality, instead of physical information. The subjects discussed last year were psycho-sexual development, contraception, interpersonal relationships, venereal disease, pregnancy and birth, human sexual response, and abortion.

Providing that people offer their services to the Human Sexuality Committee, this winter term's course will prove to be most rewarding and interesting.
