

## Most PSU Graduates Accept Jobs in Pa.

University Park, Pa. Oct.—Sixty-three per cent of the 1970-71 graduates of The Pennsylvania State University who have taken jobs have accepted them in Pennsylvania.

This is indicated in a survey of the graduates made by Dr. Norman Frisbey, associate director of placement and student aid at the University.

The survey was based on information on future plans collected from a sample of seniors at the time of graduation excluding the College of Education and College of Health, Physical Education, and Recreation.

It consisted of reports from 43 per cent, or 2,094 of the 4,900 graduates.

In reporting the figures, Dr. Frisbey noted a continual increase in the number of graduates who elect to remain in

Pennsylvania. His reports for five years ago, 1966-67, showed 47 per cent remaining and this figure was increased to 50 per cent for each of the next two years, thence to 58 per cent, and to 63 per cent for the last year.

Nearby states draw the largest number of remaining graduates, the report shows, with New York second with 7 per cent; followed by Ohio with 6 per cent; Maryland with 5 per cent; New Jersey with 4 per cent; and Virginia with 2 per cent.

## Dorm Staff Revisions

University Park, Pa. (I.P.)—The director of residence hall programs at the Pennsylvania State University states that his office is emphasizing the new direction future residence hall staffing will take and deemphasizing the disappearance of the resident advisers.

Charles Spence said his office is using the 'development approach' to residence hall staffing instead of the older idea of 'in loco parentis.' Students look for help through their peer culture, he said. "We need not take people who are part of this culture. It is more relevant to deal with students as developing people."

According to Lorraine O'Hara, associate director of residence hall programs, "many students today only see the resident adviser to borrow the ping-pong equipment and just going up to the floors to talk is artificial. Students tend to come here with more experience. They are more independent and in less need of a mother figure."

## Joe Paterno Holds Record

Penn State coach Joe Paterno had the best winning percentage among the nation's major college coaches with at least five years as a head coach. Paterno has a 48-10-1 record in his sixth season for an 822 winning percentage.

He also has clinched Penn State's 33rd consecutive non-losing season. The Nittany Lions lost more games than they won in 1938, when the record was 3-4-1.

## Dr. McDermott Appointed To Newly Established Post

University Park, Pa., October 15 — Dr. Robert E. McDermott, dean of the Graduate School of the University of Arkansas, has been named provost of the Capitol Campus of The Pennsylvania State University.

Dr. McDermott will assume the post on February 1, 1972. He is a former member of the Penn State faculty, having served from 1959 until 1969 when he resigned to take the Arkansas deanship.

His appointment was recom-

mended by a search committee of the campus and was approved by the Board of Trustees Friday on nomination of University President John W. Oswald and Dr. Paul M. Althouse, Provost of the University.

"I consider the further development of the Capitol Campus one of the University's highest priorities," Dr. Oswald said. "We want the campus to become more responsive in particular to the needs of the

Harrisburg area. We expect that it will also develop strong associations with the Milton S. Hershey Medical Center in the development of health-related programs."

In the newly-established post, Dr. McDermott will be the chief executive officer of the Capitol Campus and will report to the President through Dr. Althouse, Provost of the University.

"Dr. McDermott established an outstanding teacher and administrator at Penn State, and his work at the University of Arkansas has further broadened his experience." Dr. Althouse said. He came to the University as professor of forestry and head of the department of forest management, with a research specialty of forest ecology. He was appointed associate director of the School of Forestry in 1965 and associate dean of the Graduate School in 1966.

## The Afro-Asian Festival Opens in Pittsburgh Nov. 15

The Afro-Asian Festival will be held at the Nixon Theatre in Pittsburgh beginning Monday, November 15 through Sunday, November 21.

The festival is one of the most unusual and exciting series ever to play in Pittsburgh. There will be five different companies performing with each company officially representing their respective government.

Ticket prices are \$6.00 for the orchestra and mezzanine, \$3-4.5 for the balcony. There are special discount rates available to groups of 25 or more.

The Ritual Acrobats of Persia will perform November 15-16, combining athletics, acrobatics, and ritual dance to the accompaniment of music in the tradition known as Zour Xaneh, or the House of Strength.

The Senegalese National Dance Company will be featured at the matinee and evening shows on November 17. Their dances and music are in evocation of the history and contemporary life of Senegal, with its mixture of old tribal traditions, later Arabic influences, and the 20th Century.

The Dagar Brothers, performing November 18, are the present representatives of one of

## JRC Discussion

Visitation was the main topic of discussion at the Joint Resident Council meeting Tuesday evening, Oct. 26. New sign-in sheets were drawn up which will be posted on the door outside the hall. The new sheets will require only the name of the guest and a place to check out. It is a very important for everyone to sign in, and it will be the duty of the floor representatives to stress this.

Another topic discussed was the movie "Chamber of Horrors" to be shown in Perry Hall lobby Oct. 30, at 2:30 a.m. The admission will be .50c and cider and donuts will be sold.
