

Registration Schedule Listed For Winter Term

Registration for the Winter Term 1972 will take place on Tuesday and Wednesday, January 4 and 5, 1972. Classes will then commence with the first period class on Thursday, January 6, 1972 with the term officially ending with the conclusion of the seventh period class on Wednesday, March 15, 1972.

As registration will be conducted according to colleges for the first time, advising will be handled somewhat differently than in the past. All students who are scheduled to register on Tuesday, January 4, 1972 should meet with their adviser on the preceding Monday, January 3, 1972; those students who are scheduled to register on Wednesday should meet with their advisers on Tuesday, January 4, 1972. Appointments should be made with advisers BEFORE the student goes home for Christmas.

At this meeting with the adviser, four things should, be accomplished:

1. Student views his adjusted "work sheet" for Winter Term and determines what changes, if any, he would hope to make on the floor at Erie Hall. These changes should be noted on the Number Two Card.
2. Student receives packet of cards to be filled out prior to registration. If the adviser does not give him these cards, the student should ask for them as ALL advisers will be given an ample supply of packets.

Beatles Film Successful

Free sex did not prevent approximately 1000 people from seeing *The Beatles: Away With Words*, which was presented at the Warner Theatre on Thursday, November 4. The presentation was a unique tribute to the English rock group that dominated the music of the 60's. "Away with Words" was not only a musical tribute, however. It was also a historical document, showing the phenomenal happenings of the period when the Beatles were at the height of their fame.

From Little Richard's bop bopbi bop, "Away with Words" took its audience on a journey through the music of the 50's to the music of the 70's. The walls rocked to the beat of the rock 'n' roll as it was in the early days of 1, 2, 3, 4 and I Want To Hold Your Hand. With music from "Magical Mystery Tour", it traveled through the drug-experimentation period of Beatle history. Images flickered and melted into one another and the music became subdued. John's lyrics became almost serious in *Within You Without You* and *Come Together*.

And all the while, the Beatles played the important role of metaphor for a youth seeking salvation. Throughout "Away With Words" the Beatles have an answer of sorts in Paul's tender rendition of *Let It Be*.

3. The student will pre-register for Spring Term 1972.
4. Student will complete Number Two Card according to his adjusted "work sheet."

JRC Solves Major Resident Problems

Small things add up to big things concerning visitation. Such was one of the major topics of discussion at the November 9th meeting of the Joint Resident Council. The meeting was attended by a resident assistant from each dorm, and Benjamin A. Lane, Dean of Student Affairs.

Lane had attended a meeting of the Pennsylvania Association of Student Administrators. Each member was given a letter from Howard University in Washington D.C. concerning their problems with open visitation. The letter stressed the importance of signing in and out in conjunction with the escort system. Students may complain about this system, but it is for their own protection. These rules are made to prohibit non-students from being in the halls without an escort.

The resident assistants attended this meeting to bring to the attention of the JRC these problems concerning official warnings received in conjunction with visitation. Under the present system, floor representatives are able to give official warnings.

After some deliberation, there was a general consensus that R.A.'s will now be the only people with the authority to issue official warnings. The R.S.'s have been trained as to how and why to give warnings, and it was agreed that they are the only qualified people to do this.

It was also decided that the floor representatives will call floor meetings, represent the students on the floors, and make the resident students' wishes known. However, they will henceforth not have the power to issue official warnings.
