# Final Examination Schedule

Classes for the Winter Term 1972 will officially end with the seventh period class on Wednesday, March 15, 1972. Final Examinations will be scheduled as follows for Thursday and Friday March 16 and 17, 1972.

Students are reminded that the final examination is an integral part of the course, and failure to attend could result in the students failing the entire course regardless of the quality of the course work submitted before that date. In accordance with section 0-4 of the Senate Regulations, "A student who is absent from a final examination for a cogent reason may have his grade deferred upon the authorization of the Director of the Commonwealth Campus at which the student is enrolled."

The Senate Regulations also provide in Section 0-8 that "Any student with two or more final examinations at the same time should file a request for a conflict examination at the time and place specified in advance by the instructor of the course. Any student with three or more examinations on the same day may file a similar request, and conflict examinations will be arranged if feasible.
