

Behrend Collegian

Volume XXIII No. 4

Published by the students of the Behrend College Pennsylvania State University

Thursday, October 10, 1974

Discussing campus issues at Monday night's SGA meeting are, left to right, President Jim Armstrong, Secretary Barb Jolly and Dave Scypinski, 1st Vice President.

Branch Campuses Unify

SGA Spearheads Move

by Rosa Myers

As a result of last week's voting, Dorm Representatives are: Freshman, Peg Brunton; Sophomore, Zack Dalesandro; and Junior, Williard Youger. Commuter Representatives are: Sophomore, Mike Razanauskas; Junior, Alan Kirk and Senior, Jaye Beebe. Jennifer Gregor is treasurer.

There was a lengthy discussion of the voting results on the amended constitution. (Out of a possible 1536 votes only close to 200 votes were tallied and the amendment won by 20 votes). It is the opinion of Association

Members, Darla Berkey, Mike Hanley and Alan Kirk that none of the students who voted pro or con on the proposed amendment understood the meaning of their votes or its effect on the student body. They feel that student exposure to the constitution was very poor and the subsequent voting had no real value.

The meeting of the Council of Branch Campus Student Governments was attended by Dean Bainum, Mike Woods and Barb Jolly. Key topics discussed at the meeting were: All University Day, Transferral of Meal Tickets and the sale of food in the dorms by campus organizations.

Ticket orders for the football game on All-University Day (PSU vs. Maryland) must be in this Friday. The price is \$2 per person with the game beginning at 1:30 and ending at 4 p.m.

The concert, featuring Loggins and Messina will be from 7:30 to 10 p.m. Tickets are \$4 per person and orders must be in one week from this Friday.

The procedure concerning transfer of meal tickets is as follows: (1) One must obtain his transfer meal ticket at his Branch Campus; (2) Once at University Park, he will be charged 30 cents for breakfast, 35 cents for lunch and 60 cents for dinner. Surveys will be taken in an effort to garner student attitudes toward the procedure. Questions to be asked: (1) Did you visit UP this weekend? (2) Would you prefer to eat in the cafeteria?

According to Dean Lane's computations, if 100 students visit UP each weekend and pays \$1.25 per day for meals, in 10 weeks this would mean \$1000 taken in by the University. In three terms, the University would be several thousand dollars richer.

UP students visiting Branch Campuses will not pay the extra fees and a motion was made to address a letter to the CBCSG

voicing opposition. It is the general consensus of Association Members that the proposition is a "ridiculous" one.

A single voice, that of Williard Youger, spoke in favor of the situation. Tired of eating stolen food or paying regular cafeteria fees, he believes the action is a step up in Branch Campus and University Park relations.

Campus organizations will no longer be allowed to sell food in the dorms as a means of fund raising. Dean DeShong, head of Student Affairs at UP plans to petition President Oswald's office and the CBCSG also took action by addressing a letter of protest to him.

In regard to the situation, Dean Lane thinks that if such a measure is to be an effective one, the University should be more realistic in its funding of Student Activities.

The Great Wall of Behrend was a subject of concern also at the meeting this week. Alan Kirk expressed concern about the price of the construction and it is his view that the money could have been spent in other more important areas. But Dean Lane explained that the entrance was approved "perhaps six years ago" as a project. He believes, however, that student input will determine the next construction project. Mentioning his awareness of the "desperate need" for a library (the library is currently located in the Main Activity Room of the RUB). He reminded students that private individuals are not eager to fund state related institutions.

Some interesting facts in regards to funding: Erie Hall and the Reed Union Building were both publicly funded: Erie Hall—100 per cent and the Reed Union Building—50 per cent. The Behrend Building was privately funded and the Nick Building was built through SGA funding.

Behrend Storms Broadway

by Bob Wetmore
News Editor

Behrend students will soon have a chance to "give their regards to Broadway", by spending three days and four nights of theatre-packed entertainment in New York City, November 16-20. Arno Selco anticipates a fast-moving, action-packed trek through many famous Broadway theatres, beginning with "Mack and Mabel,"—a musical comedy concerning Mack Sennett's leading lady, Mable Desmond. Mack Sennett is America's favorite silent movie producer, most noted for "The Keystone Cops." An alternative to "Mack and Mabel" will be "Candide," a play written by the famous French satirist, Voltaire, which should prove to be "the best of all possible plays."

Leaving Broadway, the group will stop in to see a brand new off-Broadway production, "Wager", by Mark Medoff, who wrote last year's famous "When You Comin' Back, Red Rider?" Alternatives to "Wager" will be: "Moonchildren", performed by the Performance Group; "Manhattan Project"; "La Mamma"; and "Why Hanna's Skirt Won't Stay Down." Choice

Awareness Meetings Scheduled

by Faye Blomquist

The women of Behrend College will once again be on the up and up as the Woman's Awareness Group begins its second year.

The group of women (commuters and residents alike), brought together by Ms. Maryanne Koschir, has set "tapping women's interests on and off campus" as their goal. Ms. Koschir is a staff member of the Career Development and Counseling Department.

The organization, which is open to any interested female student or faculty member, has scheduled various programs and outings for the fall term. One of special interest to "women's libbers" will be a talk given by Karen Keene, "A Woman's Right to Keep Her Own Name After Marriage," November 4, 8 p.m. (the place has yet to be announced).

For those girls interested in a career in medicine, Drs. Strang, Toperez and Baurman will present a program October 17, Common Hour on campus. Various other professions will be explored at later dates.

On the entertainment end, the WAG plans a trip, October 20, to Edinboro State College to see.

(Continued on Page 4)

of these plays will depend on the availability of tickets.

Next on the itinerary is a tour of Lincoln Center, and a tour backstage of a Broadway theatre. Two free afternoons and one evening will leave the group free to explore the wonders of the mystical city of New York.

Admission to a rehearsal of a brand-new experimental production, "Mother Courage", is cited by Mr. Selco as one of the unique bonuses of the trip. Not many are often invited to view a rehearsal of an upcoming production.

Two theatre seminars are also expected to enhance this fantastic educational opportunity.

All of the planned itinerary, round-trip transportation, and a room in the Edison Hotel are available for only \$138 for four persons in a room and \$149 for two persons in a room. Meals, additional entertainment and additional transportation expenses are not included.

So make your check payable to Arno Selco, or call him at extension 279, deadline is October 25, and "give your regards to Broadway!"

JRC Expectant

by Marsha Young

The new members and officers of the Joint Residence Council, JRC, have been chosen. They are: Lawrence Hall, Roslyn Monteverde, Chairman; Scott Taylor, treasurer; Marsha Young, secretary; Marianne Courter; Jeff Johnston and Williard Youger, Niagara Hall, Rick Himes, Chairman; Chuck Lupka, treasurer; Sandy Makatura, secretary; Donna Jarlenski; Dave Moore and Judy Reed, Perry Hall, Tyrone Clark, chairman; Susie Platt, treasurer; Mary Johnston, secretary; Mike Boylan; Ann Loiacono and Kevin Updegraff. The tri-dorm council officers are: Tyrone Clark, chairman; Chuck Lupka, treasurer; and Sandra Makatura, secretary.

JRC is planning many campus activities, improvements, and sales. Such things as visitation rights and dorm improvements have been brought to the attention of the council. The JRC is working on furnishing the recreation rooms of both Lawrence and Niagara. By making these rooms more "comfortable" they hope to draw students together.

Tentative plans for a trip to Niagara Falls, dorm movies, and food sales are being formulated.

Each of the three dorms will be planning their own activities, as well as combined effort activities. Niagara Hall will be having a jam session on October 18, and will take place in the recreation room.

Lawrence Hall is sponsoring Karate lessons one day a week. Lessons will be given by Artis Simmons, a well-known Karate instructor in Erie.

JRC will be sponsoring bus transportation to State College for All-University Day. The bus will leave Behrend College at 6 p.m. Friday evening and arrive at State College about 10 p.m. The return trip is scheduled to leave State College at 6 p.m. Sunday and will arrive at Behrend College about 10 p.m. The cost for

the round-trip bus ride will be \$9 per person. Students will be responsible for their own accommodations. Those interested can sign up at the RUB desk—the deadline is October 25.

The Joint Residence Council wishes to be the voice of all students. They are your representatives. They can improve Behrend College only with YOUR help and support.

Little Green Men Coming

"Flying Saucers ARE Real" is the title of an illustrated lecture to be presented by nuclear physicist, Stanton T. Friedman at 8 p.m. Wednesday, October 16, in the RUB Lecture Hall. The program is being sponsored by the SUB. The public is invited and tickets will be available at the door. Admission is free for students with Activity Cards, and is \$1 without.

Mr. Friedman is the only space scientist in the country known to be spending full time on UFOs. In 1973, he spoke at 93 colleges in 29 states. His unique professional background includes 14 years of experience in the development of advanced nuclear and space systems such as nuclear airplanes, nuclear rockets, fusion rockets, compact nuclear reactors for space and earth bound applications, and the Pioneer 10 Spacecraft now flying out past Jupiter. His past employers include: General Electric, Westinghouse, and General Motors, among several. Professional affiliations include the American Nuclear Society, the American Physical Society, the American Institute of Aeronautics, and Astronautics, the Air Force Association, and several UFO groups. He is presently director of the UFO Research Institute of Redondo Beach, California.

"After 15 years of study and investigation, I am convinced that

the evidence is overwhelming that Planet Earth is being visited by intelligently controlled vehicles whose origin is off the earth," he said. His talk will cover five large scale scientific studies of UFOs including the

infamous Condon Report, Air Force data, UFO landings, humanoids, travel to the stars, the arguments of the educated non-believers, etc. His talk will be followed by a question and answer session.

Stanton T. Friedman, nuclear physicist, will be lecturing on flying saucers this coming Wednesday, at 8 p.m. in the Reed Lecture Hall.
