"Free-form radio for Behrend" is the goal of the Behrend Radio Club, which has begun to rebroadcast station WBCR to Perry, Niagara, Lawrence, and Dobbins Halls after five months of reorganization. An open meeting of the Club is set today Common Hour in the RUB lecture hall. The objectives to further organize, generate more outside interest, and solicit some technical assistance.

Airing mostly various types of rock music, the station is also beginning to include announcements of student activities, ride board information, and dining hall menus. To celebrate Spring Arts Weekend, disc jockey Mike Pond plans to air a short comedy skit, which is tentatively slated for this Friday evening sometime between 8 and 11.

Program Director Lenny

Young's policy has so far been to leave music selection up to the disc jockey. "Each D.J. has to bring his own records, so I only try to get them to suit the music to, say, the time or day. ## SGA in action

Monday evening's SGA meeting began with a request by the ROTC "Adventure Club" to become an officially chartered club of the SGA of Behrend College. After a considerably amount of debate centering on the function of this club, a vote was taken, and the Club's charter was approved.

Mike Woods then suggested that the most worthwhile project to pursue at this point is a non-alcoholic bash, to "conclude" the Academic year. Neither the date for nor the area for this event to be held have been finalized.

## Ferkiss talks

"Creating Chosen Futures: The New Meaning of Freedom in America's Third Century," will be the topic of a free public lecture to be given tonight.

Speaking will be Dr. Victor C. Ferkiss, professor of government at Georgeown University. The lecture will be at 8 p.m. at Zurn Science Building at Gannon College.

Dr. Ferkiss' talk is being sponsored by Gannon, Allegheny, Edinboro, Mercyhurst and Villa Maria Colleges in association with Behrend College Penn State.

His talk is part of the Penn State "Freedom: Then, Now, and Tomorrow", Bicentennial program designed to provide Pennsylvanians with a chance to examine the nature of freedom in American society.

In addition to public lectures, more than 1,000 statewide Town Meetings, films, books, and television programs are enabling Pennsylvanians to participate in observing our nation's Bicentennial.

Dr. Ferkiss is the author of "Communism Today: Belief and Practice, Africa's Search For Identity, Technological Civilization."

though both the RUB parking lot and the Soccer field were offered as suggestions. Both JRC and SUB will be participating on this project. A motion that the SGA provide \$175 to fund the music for this bash was unanimously passed. Details will be arranged at the next meeting.

After attending a staff meeting earlier in the day, concerning the events of Orientation week, Mike Woods asked for volunteers to attend the upcoming meetings, for the purpose of providing student input. Three or four members volunteered to undertake this task.

On this note, the meeting was adjourned.
