

# Dean Bainum Soccer Team Looking Good

continued from page 3

in need of dental assistance. Don't jump! If you know of anyone showing suicidal tendencies, inform the Residence Assistant or Area Coordinator. There should be one in your residence hall at all times. If you do not want to lose a best friend, immediate steps of counseling will need to be taken.

"Students, remember," commented Dean Bainum, "these are the most exciting days of your life. Don't leave any stone unturned in order to meet people. When you leave Behrend, an ability to get along with people will be needed. What better time to start, than now?"

## New Faces

continued from page 1

Baskin was hired on a continuing basis.

Dr. Patricia Clancy—Assistant Professor of Sociology. Dr. Clancy obtained her Ph.D. from Tulane and came to Behrend from the Institute for Urban Research and Service, Georgia State University. She was hired on a continuing basis and is interested in teaching courses in Social Psychology, Adult Socialization, and Urban Studies.

Mr. Charles M. Clacquenoi—Instructor of Political Science. Mr. Clacquenoi was hired as a one-year replacement for Dr. Redenius. Mr. Clacquenoi is completing his doctoral dissertation from Kent State University. Mr. Clacquenoi can teach Political Theory, International Relations, and American Government.

Dr. Timothy D. Young—Assistant Professor of Political Science. Dr. Young earned his Ph.D. from Claremont Graduate School and was hired on a continuing basis. Dr. Young's teaching specialties are Resource Management, Public Administration, Comparative Government and Public Policy.

Dr. Stephen B. Knouse—Assistant Professor of Psychology. Dr. Knouse came to Behrend from Ohio State University where he acquired his Ph.D. Hired on a continuing basis, Dr. Knouse teaches Industrial Psychology, Motivation, Organizational Behavior, and Consumer Behavior.

Mr. James A. Kurre—Instructor of Economics. Mr. Kurre, presently working on his doctoral dissertation from Wayne State University, will teach Urban Regional Economics, Money and Banking, Macro Theory, and Public Finance. Mr. Kurre is at Behrend on a continuing basis.

In the Division of Social and Behavioral Sciences, the hirings filled all open teaching positions with the exception of a few in Business Administration. By next fall, however, Behrend expects to hire three new Business Administration instructors.

In subsequent issues, the Collegian hopes to identify all the new staff members. For now, however, to all the new personnel—welcome.

## From The Pres.

continued from page 2

The election for the class officers and the student representatives will be held on the 29th of Sept. This is your opportunity to vote for the candidate who best supports your interests. The elections last spring were extremely successful in that there was a large turn out. In fact, it was the largest turn out in the past five years. Let's try to make this month's election an even larger and more successful showing of student support.

In closing, I would like to stress the importance of student support. The Student Government cannot function without the participation of the student body. Let's make this one hell of a year.

Optimism is high for the Behrend College Soccer Team as they start a new season, aiming at improving last year's successful 8-4-1 record.

The team has lost several key players from last year's team, but Coach Herb Lauffer is confident that with five returning starters, some of last year's back-ups, and several transfer students, he has the makings of a winning team.

Some of the players Coach Lauffer is counting on to add stability to this year's club include co-captains Bill Stara and Gary Zemanski, backs Bill Breedlove, Chris Goddard, Pete Oetinger, Gary Wolfe, and Tony Orlando, linesmen Ken Renko, and Paul Heasley and goalkeeper Bill Dodd.

Behrend will again be competing in the Western Pennsylvania Intercollegiate Soccer Conference, playing against such strong opponents as Slippery Rock, Grove City, Houghton College, and Indiana (PA.). However Coach Lauffer feels his team can compete favorably with any of the teams in the conference. He says he has quality

players, and the team has proven in the past that it can win.

Behrend opened its season on September 10th and 11th by traveling down to Frostburg, Md., to take part in the Frostburg Soccer Tournament. Despite injuries to several top players which forced them to the sideline, the Cubs tied for second in the four team tourney losing their opener to Frostburg State, 3-1, but then coming back to defeat West Liberty College 3-2. Paul Heasley, a transfer student from University Park Campus, scored three goals in the two games, with Mike Oluu accounting for one and Ken Renko being credited with an assist.

The Cubs defeated Robert Wesleyan College on Saturday September 17 by a score of 3-1. Goals were scored by Mike Oluu, Tony Orlando, and Paul Heasley. The victory brought the Cubs' record to 2-1. They open their home schedule on September 24th with a game against Mercyhurst. Both Coach Lauffer and his team are hoping for a large student turnout at the home games this year. The players enjoy playing before a large crowd cheering them on, and they promise that the fans will see an exciting brand of soccer.

## Busy Time For Fans

This is one of the busiest times of the year for sports fans, with something to satisfy nearly every one of them. The baseball season, after a summer of exciting pennant races, is coming to a close, and the divisional playoffs and World Series are just a few weeks off. As baseball finishes its season, football is just beginning—both college, pro, and several local teams hope to be in contention for top honors this year. In addition, both basketball and hockey are just around the corner, and in the next few months there are several big boxing matches scheduled.

For the first time in three years, it looks like the Cincinnati Reds won't be in the World Series. They faltered early this year and the Los Angeles Dodgers took advantage of the situation to build a seemingly unsurmountable lead. In the other three divisions the races were much closer. Such unlikely pennant contenders as the Chicago Cubs and Chicago White Sox thrilled their fans by spending much of the summer at the top of their divisions. But the stronger teams ultimately prevailed and the Philadelphia Phillies and Kansas City Royals will be in the playoffs for the second straight year. The only pennant race left is in the American League East where the New York Yankees, Boston Red Sox, and Baltimore Orioles continue to fight it out. One of the three will come out the winner, and they and the three other divisional winners will continue onto the playoffs. The playoffs begin on October 4, and the World Series exactly one week later. All the games will be televised.

The pro football season began on September 18. Of the three area teams, only the Pittsburgh Steelers have any chance of dethroning the Oakland Raiders as Super Bowl champions. But

## Women Defeat Lakeland

The Behrend Women's Tennis team defeated Lakeland Community College September 15 by a score of 5-2. We lost at first and second singles, with Marcia Meehan losing 0-6, 1-6, and Janice Rieger, 4-6, 4-6.

Winners of single matches include Leslie Stinson, 6-3, 6-7, 6-3; Bonnie Zietz, 6-2, 6-3; Nancy McGuigan, 6-3, 6-3. Doubles matches were taken by Darci Whitehead and Ann Razanauskas, and Nancy Anderson and Robbin Ruhl. A complete rundown of the team and their coach will be included in the next article. Until then, good luck, girls!

Watch out coach!!!  
Coach Leon Wright hopes he doesn't get hit during archery class.

It's off to classes we go.
