Student Awards and Scholarships

The Behrend College recognizes its outstanding students annually through a number of awards, honors, and scholarships. These awards include the following:

1. THE THOMAS H. TURNBULL AWARD

The Turnbull Award honors a Behrend College student of seventh term standing or above, who has demonstrated outstanding qualities of character, scholarship, leadership, and citizenship. In addition, the student has directed these qualities into programs and services that have positively influenced fellow students and have contributed to the prestige and well-being of Behrend College, and thus, to the reputation of the University.

2. THE ERIC A. AND JOSEPHINE WALKER AWARD

The Walker Award recognizes a student who is competing two full years of freshman-sophomore study at a Commonwealth Campus, and who demonstrates outstanding qualities of character, scholarship, leadership, and citizenship. Each Commonwealth Campus selects a campus recipient, who in turn becomes a candidate for the university-wide Walker Award.

3. THE DIRECTOR'S AWARD

This award recognizes the student who has demonstrated dedication to Behrend College and its student through involvement in various student co-curricular activities related to student government, including the Student Senate, the Student Standards Board, the Joint Residence Council, and the Committee on Student Affairs. The director of the college chooses the recipient on the basis of informal recommendations by members of the Student Affairs Staff and the faculty.

4. THE GUY W. WILSON AWARD

The Guy W. Wilson Award honors that student who, although not a member of the Student Senate, has performed consistently above and beyond the call of duty. The Student Senate chooses the recipient of this award.

5. THE FRESHMAN CHEMISTRY AWARD

Members of the chemistry faculty select the recipient of this

Improve Your Study Skills

Many students enter college without knowing how to make the best use of their study-time, or how to take examinations with the most efficiency. The Office of Student Affairs offers guidance to those students, to help them improve their study and test-taking skills. A complete packet is available for those who need it, along with personal instruction and suggestions on how to improve present study habits, in the Student Affairs Office, second floor RUB.

award, which recognizes the student with the highest achievement in freshman chemistry.

Students must apply for the following scholarships. The application procedures and requirements are available in the Student Affairs Office and are publicized in the student newspaper, on bulletin boards, and through faculty members.

BAYARD D. AND ETHEL M. KUNKLE SCHOLARSHIP

The Kunkle Scholarship aids and recognizes outstanding students at Penn State campuses who need funds to meet necessary college expenses. Scholarship recipients must exemplify good citizenship, give evidence of leadership, and exhibit professional promise. These scholarships are awarded by a committee on the basis of the aforementioned qualities and financial need. For the 1979-80 academic year, fourteen Kunkle Scholarships were awarded to Behrend students. Application information is available in the Student Affairs Office.

THE BEHREND COLLEGE FACULTY WOMEN AND WIVES SCHOLARSHIP

The scholarship, presented annually by the Association of Faculty Women and Wives, aids and honors an outstanding seventh and eighth-term baccalaureate student in a Behrend College major. A committee composed of representatives of the Association of Faculty Women and Wives and a member of the Student Affairs Office selects the scholarship recipient (s). Consideration for the scholarship is based on the criteria set up by the association and includes the following:

- the student must be pursuing a Behrend College major
- the student must be in his/her sixth or seventh term, at the time of submitting the original scholarship application
- the student must be enrolled on a full-time basis and must be in good academic standing

Watch for further information about the application procedure for the Faculty Women and Wives Scholarship during spring term.
