

# Softball Fever- Catch It

By Cyndi Warwick  
It's Spring now at Behrend, (yes, even with snow on the ground) and with Spring rolls in softball. The 1982 Girls Softball Team looks promising this year, even though there are only three returnees, Kathy Rolph (outfield), Cyndi Warwick (catcher, infield), and Carolyn Campbell (outfield, pitcher).

Coach Wilson has been working hard with the team, but deciding where and who is going to start has been a hard job. The weather has been bad and the softball field has a drainage ditch going right through it so practices are held in the gym. It's really hard to judge people in the gym because out on the field everything is so different.

The only positions for sure are the pitching spots, which are held by Pam Mackowski, Missy Stasenko, and Carolyn Campbell. Rounding out the infield is Cyndi Warwick, Molly Heidecker, Kathy Patton, Doreen Rulli and Meme Garofola. The outfield con-

sists of Kathy Ott, Carolyn Campbell, Sandy Rhea, Kathy Rolph, Peggy Guriel, and Michelle Homan.

The girls' first game is April 15 at home against Edinboro. Hope to see you all there. We promise to give you an exciting game.

Sue Richardson and Doug Saltsman both attended the dance, they had this to say about it, "There were not as many people there as last year but the people that did attend certainly enjoyed themselves."

The Annual Behrend Fund has reached \$22,000. Staff and faculty cooperation has helped to make this annual drive a success. So far the fund drive is doing exceptionally well.

## New Wave Word Contest

The "Behrend Collegian" is sponsoring a "New Wave Word

Contest." The results of which will be in the next issue of the "Collegian." Anyone who would like to submit a word or words (new wave cliches will also be accepted), can just drop them off at the office. The office is in the big building with the library in it and has the new-wave word "efficacious" posted in the window. If you have any doubt as to what a new wave word is, you probably shouldn't enter the contest. Just to be fair, impartial, and journalistic, here are a few examples:

- Squip - because it just is.
- Bogus - because it's bad, implying just about anything you want it to.
- Stripped - to explain the state of your brain cells.
- Because new-wave word making hasn't even hit Main Campus yet, it is much easier to explain what isn't a new-wave word.
