Behrend Gets Away At Billy's Saloon

by Darlene Kasbee
Collegian Staff Writer

Tuesday, April 9, marked "Penn State-Behrend Night" at Billy's Saloon in the downtown Erie Hilton. Students, faculty, administrators and alumni found themselves entitled to, as Larry Waltermire put it, "A spectacular college night, party atmosphere," including free chicken wings from 9 p.m. until midnight, ladies drinks for 65 cents from 8 p.m. until midnight, and 75 cents drafts all night long.

"Penn State-Behrend really knows how to do it up," said commuter student Jim Robie. The night offered a good turnout, with several Behrend on-campus students and commuters taking full advantage of the Billy's classical atmosphere.

Billy's Saloon has fully-carpeted floors, several tables that center around two brass and mahogany bars. Other features include: a fully-lighted dance floor, a 10 x 12 foot video screen featuring "The Moonlighters," a local top 40 Erie band consisting of lead singer Wendy Stevens, keyboard player Tim Patrick, guitarist Toni Ferraro, drummer Jeff Khlar, and bass player Steve Witkowski.

Senior Doug Saltzman called Billy's, "One of Erie's nicest night spots." Senior Sandy Metcaff said, "Billy's is a good place to relieve school frustrations and get trashed." Sophomore Paul Shewalter commented, "Billy's offers a nice atmosphere that lets

you get away from the rules and regulations of a state institution."

"If you like to dance," said Junior Doug Gerow, "Billy's is the place to do it. I wish other area bars would designate a night to Behrend."

"Penn State-Behrend Night" was organized through the efforts of Behrend Senior Sandy Giuliano. Giuliano, interning as market coordinator for the Erie Hilton, was given a project to pay local patrons for their service to the hotel. Calling her project "A Salute to Erie Colleges," Giuliano focused on Gannon, Behrend, Edinboro, Villa Maria, and Mercyhurst. The project was divided into two parts.

The first part, directed toward alumni and the families of present college students, included flat room rates for those wishing to visit the Erie area.

The second part was a salute to these five colleges by having a special night at Billy's Saloon. Through contacting the public relations director at each of these schools, Giuliano designed a plan, where each Tuesday night would be a salute to a different school.

When the lights went up and the evening ended at Billy's Saloon, the glitter was over but the memories of the night will be remembered by all those who attended "Penn State-Behrend Night," at Billy's Saloon.

As sophomore Jim Pickett said, "Everyone was out for a nice, lively, social evening."

Behrend Concert Choir Plans Performance

On Sunday, April 28 at 4 p.m., the Behrend Concert Choir will sing music ranging from medieval English to an American Spiritual. Their concert in the Reed Lec-

ture Hall will include student soloists, a string ensemble and a Mass setting composed by Franz Schubert.

Admission is free.

ABC Blood Drive Proves to Be a Success

continued from page 1
serious allergic reactions."

Collegian: Is there a particular type of blood that the blood bank needed?

Blood Bank: "There was a great deal of Type A and Type B blood donated. This is because there are many people who have these blood types and nine times out of ten these are the types of blood the hospitals need most."

Collegian: Did Behrend set a record?

Blood Bank: "This is the largest mass drive that we've had so far. We were really pleased

with the results from Behrend."

Collegian: What is the criteria for donating blood?

Blood Bank: "We will take blood from people that are between the ages of 17 and 56. They must be in good medical health and not on medication. In addition, we don't take anyone that has had major surgery in the last six months or those that have recently been pregnant. When a person comes in, we give them a mini-physical. We check their temperature and blood pressure."

The results of the blood drive show that Behrend helped the city

of Erie in its crisis of blood shortage. Earlier this year, the Blood Bank made an appeal on national television for donors. On the average, a hospital uses approximately 60 pints of blood per day. With the shortage, this could cause a real emergency.

This was the first time that the Erie Community Blood Bank had conducted a mass drive and with the success of this one, they hope to continue. The Erie Community Blood Bank encourages anyone who meets the criteria for donating blood to help.

FLAT FOR RENT

2 bedroom, large rooms, nice bathroom, kitchen appliances, off street parking, on bus line to Behrend. Ideal for 2 or 3 female juniors working the summers in Erie. Available end of May. \$255/month. I PAY FOR HEAT. Call Haircutters Salon 898-0180
