

## the campus club report

### Management Club

**Joanna Robson**  
Collegian Contributing Writer

Are you interested in a career in business when you graduate from college? Get the help you need to pursue this goal by attending a Management Club meeting. We have a lot to offer students who are interested in becoming successful. The meetings are held in Reed 117 every Wednesday at 12 noon. You are welcome to bring your lunch.

Our first official meeting is September 11, 1985. So come

meet the officers Andy Pomerance and Sharlene Teitel, Co-Presidents; Tom Vest, Vice-President; Joanna Robson, Secretary and Jim Regalla, Treasurer. We welcome all business and non-business majors to come and enjoy the Management Club.

We have many activities planned for the coming year that will benefit every member that joins. Please consider attending the first meeting, you'll be glad you did.

### MIS Club

**by Heather VanSlyke**  
Collegian Contributing Writer

Behrend's MIS Club held its first meeting of the fall semester on Monday, September 9th, at noon. Meetings are held each Monday in Room 116, Reed Building. This year the club officers are: Al Meder, President; Tom Vest, Vice President; Dave Allen, Treasurer; and Heather VanSlyke, Secretary.

The MIS major is growing rapidly and students entering this

field are encouraged to join the club. Students in other majors with an interest in computers are also welcome. Our club is a Student Chapter of the Data Processing Management Association (DPMA), and students are eligible to become members of this professional organization.

Many club activities are planned for the school year. The MIS Club plans to sponsor several speakers and present various

videotapes; all dealing with some aspect of the computer-ata processing fields. Tours of the computer centers at some local businesses are also in the planning stages. A major project being considered by the club involves sponsoring a computer competition for area high school students. The Book Sale sponsored by the club last year was a success, and plans are being made to hold such a Co-op at the end of the present semester.

### Women Today

**by Karen Ryan**  
Collegian Contributing Writer

Women Today is sponsoring a luncheon for students, faculty and staff who share their interest in women's issues. What are women's issues? Issues that concern us all in today's society: equal pay for equal work, sexual harassment, how to juggle family and career, changing sex roles for women and men.

Women Today meets weekly primarily as a support group in formal discussions on topics that

concern us are frequently the focus of our meetings. We keep a resource library on articles, newsletters, and magazines relative to the happenings of women in the world. Our goal is to share with each other with the Behrend community what it's like to be a woman today.

If you would like to meet women whose concerns are like yours, please join us for lunch on Friday, September 13 at noon in room 117, Behrend Science Building.

### Film Production Club

There is a club starting on the Behrend campus that gives you the chance to be a star.

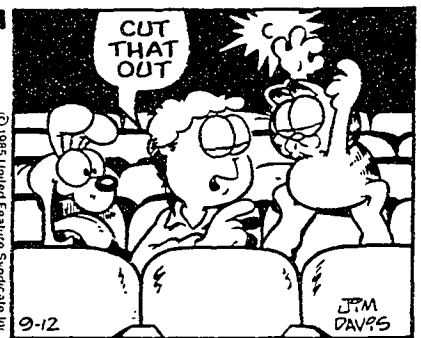

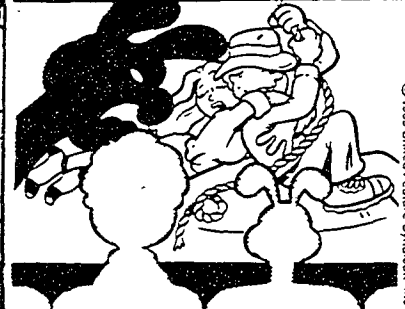

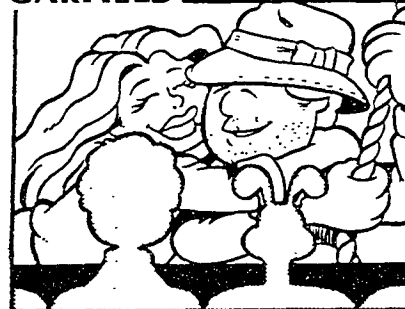

The "Film Production Club" will be making movies at the Behrend Campus and on location in the city of Erie. "Our goal is to make five 30-40 minute movies each semester," said club founder Greg Rathbun. "Right now our constitution is being reviewed by SGA and by Sept. 11 we should be a club," Rathbun said. Other club members include Napoleon Birch,

Chip Susol, Kurt Steiner and Dr. Terry Warburton as Club advisor.

"What is great about the film club is that we can use a wide range of students with a variety of talents. We will need writers, actors, directors, cameramen, people to work with lights, public relations people, and maybe some cartoonists too," Rathbun said.

Any one interested in the Film Production Club should contact Greg Rathbun at 838-8150.

GARFIELD
