

the campus club report

MIS club

by Heather Van Slyke
Collegian Contributing Writer

Fifteen students from Behrend's MIS Club attended a DPMA (Data Processing Management Association) meeting on Wednesday, September 18.

Each month the local chapter of DPMA holds a meeting at the Erie Elks Club. After dinner the club usually has a guest speaker or a presentation. At this meeting a film entitled *The One-Minute*

Manager was shown. The film (which is based on a book of the same title) is well-known in the business world for its unique views on management. A "one minute manager" is guided by "three secrets" which are explained in the film. These are: one minute goal setting, one minute praising and one minute reprimanding. The film was both interesting and informative—with some humorous examples given to

illustrate important points.

The meeting was also designated as Scholarship Night. Each Night DPMA awards scholarship to deserving students from area colleges. This year, Behrend's Geoff Whitney was awarded a 500 dollar scholarship.

All members in attendance enjoyed the evening and were glad to have the opportunity to meet professionals in the data processing field.

Lambda Sigma

by Maribeth Fisher
Collegian Contributing Writer

Who are the best looking guys and girls on campus? The Lambda Sigma society wants to know.

We need to find the twelve best looking guys and the twelve best looking girls at Behrend for our first Man of the Month and Behrend Beauties calendars.

Nominations are now being accepted at the RUB desk. Remember that it is your opinion that decides who is the right man or woman for our calendar, and you should feel free to choose more than one man or Behrend beauty. So vote now at the RUB desk or contact Sue McCarty at 898-6596 for further information.

ROTC

by Barrett Parker
Collegian Staff Writer

Students and faculty are invited to attend the ROTC Activity Day scheduled for Saturday, September 28.

The High Adventure Club, Rifle Club, Scuba club, Colorguard and each of the platoons will have booths with various carnival games. Cadets will invite you to try your hand at splashing your favorite faculty member or student at the "Wet Sponge Game."

Or for some drier excitement you can try the dart throws, football toss, and other favorites. There will also be a ping-pong toss for goldfish, and a raffle for some great prizes.

Other attractions include having displays of machine guns, mortars, trucks, anti-tank missile systems and helicopter rides.

Activity day will take place on the soccer field between 10 a.m. and 3 p.m.

Omicron Delta Kappa

by Jim Zaczkiewicz
Collegian Contributing Writer

Penn State-Behrend Campus Ministry and Omicron Delta Kappa are sponsoring a food drive to benefit the Wesleyville Food Pantry.

The newly established Wesleyville Food Pantry is housed at Wesley United Methodist Church and is sponsored by Wesley United Methodist Church, Messiah Lutheran Church, and

St. James Roman Catholic Church. The food pantry will help feed those in need in the Wesleyville area.

All interested students are welcome and encouraged to participate in the food collection process. The food drive will take place on Saturday, September 28, 1985 from 3:00 to 5:00 p.m. Students should meet in the Reed Parking Lot at 2:45 p.m. Transportation will be provided

but additional vehicles may be needed.

If you are interested in working on the food drive, please sign-up at the Campus Ministry Office in Student Affairs of call 898-6155 or 898-6830. Any questions or suggestions can be directed to Pam Griesbach, Coordinator of Campus Ministry or Jim Zaczkiewicz at 898-6830.

The success of the food drive depends upon volunteers.

GARFIELD®

Dr. Williams speaks on property rights

continued from page 1
Africa—that is Apartheid is offensive to anyone who believes in freedom. Given the per capita income of Africa, the Blacks in South Africa seem to be better off than those in other parts of Africa." He added, "I am no supporter of Apartheid but that the Blacks in South Africa could be made worse off than they are right now and much of the policy of the "do-gooders" around the United States if they were inactive would make them worse off."

Making one final note, Williams said, "If we had economic sanctions against South Africa and stoped all trade by anybody but South Africa, those people would starve. The result would be something similar to Ethiopia in Mozambique. Complete sanctions against South Africa would lead to no food. A hint would be to morally condemn Apartheid."

Through Dr. Walter Williams'

lecture, we are able to see how the things that we take for granted—property rights, both public and private and the allocation of resources—can drastically effect

the way in which we live. It also shows that sometimes people do not know about rights until it is almost too late to change and make a difference.
