Dr. Light inducted into sports hall of fame

by Joe L. Magnu
Collegian Contributing Writer

Dr. Robert Light, assistant professor of biology at Penn State-Behrend, has become the youngest member inducted into the Central Chapter of the Pennsylvania Sports Hall of Fame.

"It was a complete surprise to be inducted," said Light, 32. Light, who was one of six members inducted at the 15th annual induction ceremony, held in Lebanon, Nov. 4, was an offensive tackle at the University of Delaware and a member of Delaware's men's volleyball team.

Light says his efforts and dedication to football and volleyball were important factors in his nomination. He began his volleyball career at age 14, playing competitively in the Lancaster-Lebanon area men's YMCA league. During high school he played in the United States Volleyball Association. Light also played varsity football for four years at Palmyra Area High School, near Harrisburg.

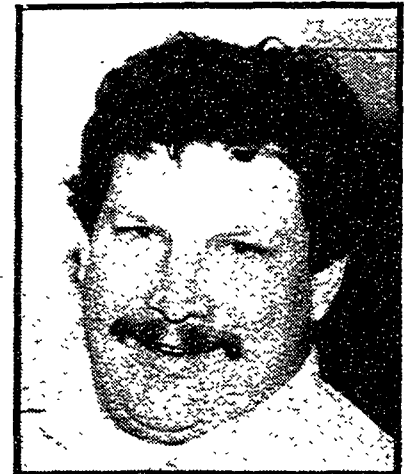

He continued his academic and athletic careers at Delaware where he earned seven varsity letters in football and volleyball. He said,

"The combination of the two sports itself is strange. For me, it was quite a transition from football to volleyball." However, the transition was smooth as he maintained his volleyball jumping ability despite being a 265 pound offensive tackle in football.

During his athletic endeavors at Delaware, Light received national recognition in football and volleyball. He was a member of Delaware's teams that claimed four Lambert Cup Trophies and two NCAA Division II football championships. Light, who was captain of Delaware's volleyball team, was selected by opposing coaches to the All-Eastern United States Team twice. In 1975 he was one of two All-East picks invited to join the United States men's team to train for the Olympics.

However, he continued his education at Millersville State University, earning his master's degree in biology. Light said he chose to continue his education instead of joining the Olympic team because he would much rather have a Ph.D. in Biology than be a "washed up volleyball player."

At Behrend, Light is coach of

Dr. Robert Light

the men's club volleyball team which competes against other college club teams. The team is a member of the Eastern Intercollegiate Volleyball Association District seven. During the second semester, the team will compete in several power volleyball tournaments and will have a home regular season schedule as well. In the future, Light said he would like to see the program become a varsity sport at the college.

Penn-State Behrend Catholic Men and Women

Let's Talk About Why... You Are Called!

... "I am here to proclaim the presence of Jesus in your Lives and the power of His Love in your hearts."

... "Young people, you are invited by Christ to a conversion of heart. You are called to play a special part in shaping and building a better world."

... "You need the right scale of values, a clear vision of the world, of human life, of love."

Pope John Paul II
Youth Rally, St. John's, Newfoundland

Some are called through PRIESTHOOD and SISTERHOOD
