

Mike Bari : A Two Dimensional Coach

by Kevin Kapsar
Collegian Staff Writer

Mike Bari is a man who never stops striving to do more than his share. Bari is Behrend's only two dimensional coach.

Recently, Bari was named assistant women's basketball coach, to go along with his position of head baseball coach. When asked about his new role, Bari replied, "I

enjoy it very much, it is a good step for me. It is an ideal chance to gain extensive experience in my coaching background." The position also adds variety to his career in that Bari now coaches both male and female athletes.

While doing all that he can to improve the quality of the women's basketball team, Bari is simultaneously keeping up with his baseball duties. He is presently

getting his team in shape as well as constantly recruiting new talent.

He believes that this year's team has a lot of depth with both returning and new talent at every position. Bari's major accomplishment this fall was changing his players attitude, making them proud to participate in their chosen sport.

Also, as if his coaching duties were not enough, Bari also teaches a variety of Health and Phys. Ed. classes. These include softball, flag-football, volleyball, strength training, bowling, and Drugs in Our Society.

On top of all of this, Bari and his wife are expecting their first child in March. With so much to accomplish, Bari just takes everything in stride and strives for continuing excellence.

Bari was born in Toronto, Ontario and moved to Erie at a young age. After graduation from Mercyhurst Prep, Bari attended Central Arizona College. After a year, Bari transferred to West Virginia Wesleyan where he received a B.S. in Health and Physical Education with a minor in Psychology. He then received Masters in Education from east Stroudsburg University, where he also served as an assistant baseball coach.

Bob Minford: The Student Athlete

by Missy Mace
Collegian Staff Writer

M.V.P. award and all-conference ranking.

Many student athletes have a hard time distinguishing the significance between their studies and their sport. The sport sometimes controls your mind so much that the recognition and importance of academics takes a back seat. Bob Minford, a senior guard on the Behrend basketball team, truly believes that the main reason he is in college is to get an education.

Minford graduated from Elizabeth Forward High School in Elizabeth, PA. While at Elizabeth Forward, he was the second all-time leading scorer on the basketball team. After high school, Minford played ball at Penn State McKeesport where he earned the

Bob Minford

With the completion of his sophomore year, Minford transferred here, to Behrend. In the midst of his senior year, Minford is continuing to prove himself both on the court and in the classroom. He is currently starting guard for the Lions as well as being on the dean's list. Minford admits that he agreed to play basketball here at Behrend because of Head Coach Doug Zimmerman's emphasis of the student athlete.

Having helped the Lions win the first four games of the season, Minford believes that, if they continue to rebound strong and move the ball up and down the court, they will continue to win. "We have good depth, solid starters and a great bench," said Minford. "If we stay healthy and together, we'll win a lot."

Rice University, Cotton Bowl Banish Male Homecoming Queen

(CPS) - Rice University's homecoming queen has decided to relinquish his - yes, his - crown after Cotton Bowl officials said he could not represent Rice at the January 2 football game.

Junior Michael Grubbs, who was also snubbed by Rice officials when they refused to recognize him at the school's November 12 homecoming game, announced that he would step down as queen and escort his runner-up, a woman, to the annual Cotton Bowl parade in

Dallas. "We're both really psyched," Grubbs said, "We are both ready to have a great time."

"He'll be our queen, but she'll be wearing the dress," cracked Andy Karsner, president of the Rice Student Association.

Grubbs entered the November 9 homecoming queen election as a joke, but wound up winning with 266 votes. The runner up, senior Nancy Jones, received 237 votes. In years past, Rice students have

elected a dog and a refrigerator.

"I thought it would have been funny if he won, so I voted for him," said one of Grubbs' supporters.

Grubbs said he would like to represent his school at the Cotton Bowl, but as queen he would have raised too much of a stink.

"I was kind of hacked that I didn't get presented at the homecoming game, but I'm not mad at the athletic department," he added.

Intramurals

By Missy Mace
Collegian Staff Writer

A "break in the academic routine" is a phrase for intramural activities. It is a time to meet new friends, play at a competitive level of sport, get in shape and - most of all - have fun!

Although you are all here for academic reasons, there needs to be

more to college life. A little more enthusiasm needs to be added so you can "escape" or "get away" from the rigors of college life.

The intramural program has increased at least 40% since last year. There has also been increased participation this fall. There were 30 teams of slow pitch softball, 41 football teams, and 25 3-on-3 basketball teams.

The intramural program is expected to continue to grow. There will be many activities to participate in during the spring semester.

- Men's and Women's 5-on-5 Basketball
- Open Swimming, Individual
- Open Wrestling, Weight Classifications
- Co-ed Volleyball
- Men's and Women's Volleyball
- Men's and Women's Badminton, Individual
- Open Table Tennis Tournament
- Men's and Women's Fast Pitch softball
- Open Indoor Soccer

The teams are very well organized with team captains, strict regulations and officials. If you need some exercise and some extracurricular fun then consider the program. Advertisements are posted throughout the Reed Building, in the Eric Hall, and by other methods. To keep an Intramural program going there needs to be participation, interest, and availability. The availability and interest is obviously there, but the question is participation.

PENN STATE - BEHREND

THINK SUMMER

SUMMER SESSION 1989

Session 1 (3 weeks) - 5/11/89 - 6/1/89
(Students limited to 3 credits this session)

Course	Day	Time	Instructor
ART 110	MTWRF	6:00 - 8:45 p.m.	Charney
BI SC 002	MTWRF	9:00 - 11:45 a.m.	Eckrodt
ECON 002	MTWRF	6:00 - 8:45 p.m.	Fizel

Reusable on-campus housing is available in the student apartments. Inquire in the Office of Housing and Food Services, Dobbins Hall, or phone 814/898-6161.

For financial aid, 12 credits minimum is considered full-time enrollment. Students may combine Sessions 1, 2, and 3 total credits to meet this full-time requirement.

Continuing students may advance register for Summer Session at the same time they advance register for Fall Semester 1989.

Please note: Courses may be added or dropped according to enrollment
