## Action Line! Your Questions Answered

**PROBLEM:** I received a small state scholarship during the summer, but I find I'll need a part-time job to help pay college expenses. Where should I look? And how do I travel to work when my scholarship stipulates I can't have a car on campus?

**ANSWER:** Toni Jennings, in the Financial Aid Office, thinks she can help you. She has compiled a list of students desiring jobs and local employers who are hiring. She is trying to find an area job for any student who is interested in working. She will also notify students of any openings in the college staff, such as in the library or the cafeteria. Even with a PHEAA scholarship you may have a car on campus, if you have an off-campus job. Request your car application in the Financial Aid Office.

## Fall Fashion Forecast

The midi may be sweeping the fashion world this fall, but college girls with back-to-school budgets are shying away from expensive new wardrobes. There are tricks, however, to give your clothes a new look and save yourself money too!

A Philadelphia Fashion Editor suggests snipping six inches from last year's maxi-raincoat. Your new mid-coat will be more practical and will look great with boots. If you're handy with a sewing machine, you can also transform a mini-coat into a fur-trimmed mid. Attach a one-foot length of fun fur to the hem of your mini and offset it with a wide matching belt.

One midi skirt is a good investment if it buttons down the front. Not only can you wear it with blouses and long, long vests, but you can also wear it over last year's tunics. This creates the "split level" look that is so popular this Fall.

For those among us who despise the midi in any form, the fashion forecast is pants, pants, pants! Jump suits are in, as are pantsuits with long tunic tops. Accessories that attract attention are suede fringe belts, beaded chokers, and leather pouches.

Colors are bright for fall. Levi's, so popular and comfortable for campus life, are springing up in a variety of large tartan plaids. They come in easy-care fabrics, too!
