## CLEP Exams To Be Held June 14

The College Level Entrance (CLEP) Examinations are offered monthly at Capitol Campus. The next testing date is Wednesday, June 14, 1972.

Through the CLEP examinations, thousands of people have entered college at an advanced level with credit for material learned without attendance at formal college classes. The examinations are available to anyone wishing to take them.

Two kinds of CLEP examinations will be offered at the Capitol Campus Test Center. The general examination measures achievement in five basic areas of the Liberal Arts — English composition, Humanities, Mathematics, Natural Sciences, and Social Sciences-History. Applications for the general examinations must be received by June 9. The subject examinations measure achievement in specific college courses. The deadline for applications for subject examinations is June 5, 1972.

A person desiring to enter college at an advanced level with credit for material already learned may take the CLEP examinations and have the scores sent to the college.

Capitol Campus and many other institutions of higher education in central Pennsylvania will recognize academic credit for the CLEP examinations, providing their standards are met.

Persons wishing to take the examinations should inquire at the institution they wish to attend as to whether credit will be accepted for CLEP examinations, the examinations to take, and the scores required for credit.

Applications and other information can be obtained from area colleges or from the Capitol Campus Admissions Office, E-106.

## New Draft Board Regulations

The Selective Service System has issued its last major group of Regulation changes and thus ended more than two years of almost constant reform in draft policies and registrant rights.

The Regulations concern procedures for personal appearances and appeals, among other subjects. The issuance of the new Regulations removed the administrative hold on personal appearances and appeals which had been in effect since late 1971.

The Regulations set a 15-day time limit following the mailing of a Notice of Classification card in which a registrant must request a local board personal appearance or an appeal. When he demonstrates that his failure to respond within 15 days was due to reasons beyond his control, his local board may grant an extension of the 15-day period.

The new Regulations also require local and appeal boards to give a registrant at least 15 days notice of his scheduled personal appearance before his local or appeal board. Another change announced gives a registrant who is under a long

postponement of induction the right to receive consideration from his local board for a reopening of his classification to hear claims for exemption, deferment, or conscientious objector status.

The new Regulations also allow a registrant to have up to three witnesses appear in his behalf at his local board personal appearance, require that a quorum of the members of the local board be present, entitle him to 15 minutes for his presentation, and state that his local board must furnish him with the reasons should he receive an adverse decision on his classification request.

A personal appearance before a quorum of his state appeal board and, when the vote of the state appeal board is less than unanimous, the Presidential appeal board, also are provided for by the new Regulations. These boards also must furnish the registrant with the reasons should he receive adverse decisions on his classification request. He is now allowed to have witnesses appear in his behalf before appeal boards.
