Right Lane Only! Brought to you by Dauphin Deposit Bank, Be Dauphin De-positive because of Inter-state 83, which is funded by Yield. Then, only to have Speed Limit 50 Radar Enforced causing Emergency Stopping Only, to Stop. No Passing Zone which switched places with Speed Zone Ahead causing Right Lane Only to be coincided with I-83 South, causing Left Lane Only to be brought to you by: Right Lane Closed, funded by: Right Lane Closed, but only coinciding with Merging Traffic, brought by Cadillac-Olds Dealers combined with forty acres Zoned I-3, who owns Snow Relief Route, all cut off by Right Turn Lane Only.

Bulletin: The sign Right Turn Only was attacked by The Finest in Cartridge Tapes, which wasn't gaudy enough because Gulf,

Texaco, and Midas Muffler battled Stop into a submissive Yield and etched their new initials: Right On.

Meanwhile Beware! There stood President Slippery, sixteen ft. (pronounced 'phft') high and six in.; And who do you think she was? Oh never mind, that was how it was to be said, she would say it doesn't matter. Though, I'm not so sure about that anymore, as I was walking through some dense underbrush in these woods. There out of the bowels of the earth were teardrops. They were frozen, but then it might have been the cold and such, but then spring is right around the corner. Though to me, right around the corner is Third and Broad Street, someone is starving along the side the sign: No Parking. So Spring, he's got to get up, but

wait, he's too late. There's the friendly osifer and he's laying a ticket on our rebirth, then he's callin' the old tow truck. Johnny yelled, "Hey Artie, they're impounding our Spring!"

Artie, himself in disbelief, "I know, I know!"

There was about three days of silence, no one said anything important. We'd walk around with limpid stones in our eyes. We saw the buds on the trees, we felt anew with spiritual growth. It devoured our shelter-seed being. It was quite wonderful; Now I don't mean to sound trite or trivial, but then take a look around. Jesus Babaramdas harked forward in stong sensual-psych debate with himself mumbling in slow overtures, "love them for they know not what they do."

"C'mon lady. Stop screaming. Think of this as living theatre, bringing art to the people."
