

**ME**

My eyes are searching the blueness of the sky,  
My mind wanders as wisps of clouds drift by.  
I lie here in the softness, the greeness of the earth,  
I think in all this greatness, of God -- what is my soul worth?

What have I ever done to deserve another life?  
Have I done just one thing to end this worlds strife?  
I know I would change things, if I only could,  
I'd give this life and another, if I thought it good.

To see this world at peace and all its people free,  
But what can I do -- I'm only one -- I'm only me.  
I can keep trying with kindness as my guide,  
And show all the people the love that is inside.

And pray that God can help me and I know he Will,  
To keep on loving everyone -- until all hate is still.  
To live one's life for others -- is peace without end,  
To give one's life to God -- and to call every man friend.

**TO ANN AND COMPANY**

Will the river of life ever run true?  
No, not ever -- not even for you.  
You wish for ease -- but it is never so  
For Karma will follow wherever you go.  
For so you seek -- so you shall find,  
And unto you -- the loving and kind  
Will bring you beauty and also correction  
Listen and learn and so reach perfection.

**DOWN AND OUT**

This is a football pass pattern in which the receiver runs downfield, then cuts to the sidelines. Down and out has nothing to do with skid row!

**Nixon's Secret  
Peace Plan  
Of 1968**

(CPS) -- Richard Nixon DID have a secret peace plan in 1968.

During the presidential campaign, Nixon told Richard Whalen, one of his speechwriters: "I've come to the conclusion that there's no way to win the war. But we can't say that, of course. In fact, we have to seem to say the opposite, just to keep some degree of bargaining leverage."

(The quote appears in a new book by Whalen, "Catch the Falling Flag". Thank to the Great Speckled Bird.)

**Flag On Seat OK,  
But Check Your  
Local Judge . . .**

(CPS) -- U.S. District Judge Levin Cambell of Boston ruled recently that it is not a crime to wear a U.S. flag sewn on the seat of your pants.

Judge Cambell said that there is such a widespread use of the flag on cars, jackets, sweaters, coats and elsewhere that it could not be considered a crime to wear it on pants.

Cambell's ruling does not have the force of law outside of his judicial district, but at least it provides a legal precedent for at dismissing similar cases around the country.

Stereo systems in the \$400 price range while not unpleasant to listen to, have not as a rule provided that last bit of musical accuracy for those who take their listening very seriously. Our \$409 ADVENT/SANSUI/BSR/SHURE stereo system has changed all that, as many of our critical and satisfied customers who own it will testify.

The Smaller Advent loudspeakers are a startling speaker bargain, of which highly respected Stereo Review Magazine said, "Any preconceived ideas you may have about the limitations of sub-compact speaker systems will, we think, be shattered." The Sansui 350A AM/FM stereo receiver provides sufficient power (over 44 RMS watts of it) to handle the most tortuous musical passages in the average living room, and its sensitive tuner will capture your favorite radio stations with clarity. The BSR/510X automatic turntable with a Shure M75C cartridge and diamond stylus will treat your records gently and add no unpleasant sounds of its own.

Together these remarkable components cost just \$409 -- a saving of \$31.35 over their usual individual prices. If you've thought that a stereo system in this price range couldn't provide quite enough sonic satisfaction, we invite you to visit L.B.R. AUDIO ASSOCIATES and learn otherwise.
