

Increased Train Service

Passenger train service operated by Penn Central between Harrisburg and Philadelphia will be increased and schedules improved, Jacob Kassab, State Secretary of Transportation announced last week. The changes also will benefit residents of intermediate communities, including Downingtown, Coatesville, Lancaster, Elizabethtown, and Middletown. The increased service is not in effect.

A new evening train to Philadelphia will be added leaving Harrisburg at 9:10 p.m. and the present 10:15 a.m. train to Philadelphia will operate an earlier, leaving Harrisburg at 9:15, both on a daily except Saturday schedule. "The new train will provide needed late evening service from Harrisburg,

Lancaster, Coatesville, and Downingtown to Philadelphia, with connections there to New York," Kassab noted. "The re-scheduling of the morning train will provide a better spread of service at that time of day and makes an improved connection possible at Philadelphia for New York, Boston, and other eastern points."

Westbound, a new early morning train to Harrisburg will be added weekdays, leaving Philadelphia Penn Center Station at 7:11 a.m. and arriving in the Capitol City at 8:55, in time for business appointments. This train will make stops at Downingtown at 7:49 a.m., Coatesville 7:55, Lancaster 8:21, Elizabethtown 8:37, and Middletown at 8:45 a.m. With

the added service, there will not be 10 Silver-liner trains operating weekdays each way between Harrisburg and Philadelphia. In addition, Amtrak's long distance trains, the Broadway Limited and the National Limited, provide Harrisburg and Lancaster residents with two additional fast trains each way daily to Philadelphia and New York, as well as to points west of Harrisburg to Pittsburgh and Midwest.

The present 6:10 p.m. train from Philadelphia will operate 8 minutes later, leaving Penn Center at 6:28 weekdays, arriving in Harrisburg at 8:13. An additional train will be operated Sundays and holidays from Philadelphia leaving Penn Center Station at 10:00 a.m. and arriving in Harrisburg at 11:45. This train also will serve several intermediate stations, including Downingtown, Coatesville, Parkesburg, Lancaster, Elizabethtown, and Middletown.

Secretary Kassab explained that the additions and improvements in Harrisburg - Philadelphia train service represented the continuing efforts of Governor Shapp to help improve local and intercity public transportation throughout the Commonwealth. The State through PennDOT, provides financial assistance to the Southeastern Pennsylvania Transportation Authority (SEPTA), and these funds are used to purchase improved train service from Penn Central, Kassab added.

The additions and improvements in service to be effective this Sunday (October 29) were developed through the efforts and cooperation of SEPTA, Amtrak, Penn Central, Governor Shapp and PennDOT officials, Kassab concluded.

Schedules will be made available for Capitol Campus. They will be found in the Student Affairs Office and on the Roundtable.

More than you expect for less than you expected.

Stereo systems in the \$400 price range while not unpleasant to listen to, have not as a rule provided that last bit of musical accuracy for those who take their listening very seriously. Our \$409 ADVENT/SANSUI/BSR/SHURE stereo system has changed all that, as many of our critical and satisfied customers who own it will testify.

The Smaller Advent loudspeakers are a startling speaker bargain, of which highly respected Stereo Review Magazine said, "Any preconceived ideas you may have about the limitations of sub-compact speaker systems will, we think, be shattered." The Sansui 350A AM/FM stereo receiver provides sufficient power (over 44 RMS watts of it) to handle the most tortuous musical passages in the average living room, and its sensitive tuner will capture your favorite radio stations with clarity. The BSR/510X automatic turntable with a Shure M75C cartridge and diamond stylus will treat your records gently and add no unpleasant sounds of its own.

Together these remarkable components cost just \$409 -- a saving of \$31.35 over their usual individual prices. If you've thought that a stereo system in this price range couldn't provide quite enough sonic satisfaction, we invite you to visit L.B.R. AUDIO ASSOCIATES and learn otherwise.
