THE HELL WITH ALL OF YOU

The clubs are crying and bitching - so I have been told - that we would not be able to print their minutes if we are bi-weekly. Well, here we are, an extra edition, and no one has given us even a shred of news.

We are printing the extra edition of the Reader for the rumor was related to us that club news and events would be a week late. I guess the rumor was only a lie.

The Reader is quite upset by the lack of response. I guess that we must be doing everything right. No one has taken the trouble or time to comment on the newspaper. Once in a while we hear whispers behind our back, but no one has confronted us with any concrete complaints or compliments.

ANNOUNCEMENTS

Dear Junior EX-GI's:

There will be a rap session in room E-338 on Monday, November 19, from 12:15 to 3:30 p.m. for ALL Junior EX-GI's (fraternity members and NON-members) who are concerned about the future of "CHI GAMMA IOTA" fraternity.

The reasons for this session are, first, it will establish a starting point from which we, Junior Vet's, can begin to study various ideas which could be implemented into next year's fraternity's activities calendar. Secondly, it will enable the Junior Vet's, who are presently active in the frat, to obtain some insight into how much effort and involvement the other Junior Vet's are going to put forth in order, to make our fraternity, a vibrant and effective campus organization.
