

From Student Affairs

Violation Appeals

Beginning with the Winter Term there will be a change in the procedure for students who wish to appeal violations of the Campus motor vehicle regulations.

The following guidelines will be in effect:

A. All Motor Vehicle Violation appeals shall be heard by the Student Court.

B. Appeals will be routed directly from the Vehicle Registrar to the Student Court using the forms currently in use.

C. A record of appeals will be kept.

D. Notification of rulings of the Court will be sent to the Vehicle Registrar and the Student.

E. A hearing schedule will be maintained in the Student Affairs Office. Those appealing must schedule a hearing with the

secretary in the Student Affairs Office.

F. The schedule of hearings will be posted on the glass enclosed Bulletin Board adjacent to W104 at least 24 hours prior to the hearings.

G. Appeals will normally be heard in E-336 on Wednesday between 2 and 4 p.m. If this time and location are not convenient other arrangements can be made.

H. A postponement of an appeal hearing can be made only one time.

I. Notification of Hearing (time and place) will be sent to all parties concerned at least 24 hours prior to said hearing. If time allows (24 hours) case may be heard the same week as appeal is submitted.

J. If for a good reason, either the officer or the appellant can not be present at the designated time and location, a written request for rescheduling must be submitted to the court at least 5 hours prior the hearing time.

Campus Discipline

In an effort to inform the student body about the way the campus discipline process works, the Student Affairs Office will publish a summary of discipline actions after the cases have been decided. Although the student charged with a violation of the Code of Conduct will not be identified, there will be a report of the charges, the findings of the court, and the sanctions imposed.

The various groups involved in the discipline system -- Student Standards Board, Director of Student Affairs, Hearing Board and Appeals Board - have decided to provide this information so that the student body is better informed.

Milton Diehl Fund

As an added service to Veterans at Capitol Campus the Student Affairs Office will coordinate a special loan fund. Beginning with the Winter Term Veterans may borrow up to \$250 for periods not to exceed 90 days from the Milton Diehl Fund.

Money from this fund will be available to the applicant about one week from the date requested. Veterans who wish to borrow from the fund or who have questions should contact the Student Affairs Office, W-103, or who have questions should contact the student Affairs Office, W-103.

Bernreuter Emergency Loans Fund

All Capitol Campus students will benefit from an expanded emergency loan fund beginning with the Winter Term. The Bernreuter Emergency Loan Fund has made \$2,500 available to the campus to be used for short-term loans to students.

Normally the Bernreuter Fund will provide for short-term loans for emergency needs. Normal loans are up to \$15 and are to be repaid within three weeks. In special circumstances loans for larger sums with longer repayment schedules can be arranged.

The Bernreuter Emergency Loan Fund is named for Robert G. Bernreuter, Vice President for Student Affairs Emeritus. During the time Mr. Bernreuter served as Vice President he was a strong supporter of the development of the Commonwealth Campuses.

The Bernreuter Fund is one of the services provided by the Student Affairs Office. Students who wish to take advantage of this fund or who have questions about it should contact the Student Affairs Office, W103.

Enrollment Figures

University Park, Pa., The Pennsylvania State University in a period of enrollment stabilization dropped from 12th to 13th in full-time enrollment and from ninth to tenth in grand total enrollment among the Nation's colleges and universities.

This was reported today by Dr. Garland G. Parker, vice provost for admissions and records at the University of Cincinnati, in his annual survey prepared for "Intellect" magazine. It is the 54th year for the survey.

The total enrollment for Penn State, based on the Fall Term figures, is given as 44,083 for full-time credit students and 64,131 for grand total while the figures last year were 41,125 and 59,598.

In the survey, which covered 1,416 institutions of higher learning, it was revealed that largely because of part-time and continuing education students, America's colleges and universities again showed an increase over the previous year. The grand total enrollment was 6,454,137, a 1.8 per cent increase over last year. There were 4,696,463 full-time students, which represented an increase of 0.4 per cent over a year ago.

Many schools, Dr. Parker noted, experienced enrollment losses, but, overall, most of the four-year institutions held their own or showed a slight gain. He predicted that when the final count for all two-year colleges becomes available, the increase for all collegiate-level credit-hour students may be as much as 2.7 per cent and the grand total enrollment may approach 9,550,000.

In what Dr. Parker terms "the enrollment drama of the year," the most significant group change was a 5.9 per cent increase in part-time enrollments. He says that "with the waning of full-time enrollments in the 1970's and the prospect of continuous decline in the 1980's, it is essential in the interest of their own viability, that the traditional four-year colleges and universities explore and exploit their capacity to serve students and present programs on a part-time basis. Even more important is the need of adults for increased part-time educational opportunities.

Dr. Parker also pointed out: -- The continuing tide toward state-controlled systems of education runs strong and these systems account for 22.6 per cent of the full-time and 23.7 per cent of the grand total in all 1416 institutions.

-- Enrollment in the Nation's large single-campus and multi-campus universities shows an increase of 1.3 per cent, a recovery from a slight dip last year.

-- Arts and sciences suffered an enrollment slide of 1.3 per cent in full-time students and teachers colleges also show declines. Independent law, medicine, and allied health schools lead in full-time student gain by 11.6 per cent.

-- Women's enrollments continue to gain in proportion to men's as they have for decades. Full-time female students increased by 1.9 per cent while full-time male students decreased in number by 0.9 per cent.

Topping the list in full-time enrollment was the State University of New York with 244,316; California State University and College System, 181,730; City University of New York, 129,570; University of California, 113,225; and University of Wisconsin System, 103,980.

In total enrollment, the top five are: State University of New York, 382,797; California State University and College System, 313,755; City University of New York, 238,851; University of Wisconsin System, 135,365; and University of California, 121,125.

THE LOVE SHIP

by
Romeo Trajanus

Is this the face that hath launched a thousand ships?
Nay, but 'tis the face that hath launched my heart
On a journey into forever,
Stealing with it my love, and my life

Silently my love, as a ship, sails on
Through the stormy waves of her heart,
Seeking out a verdant island of fiery passion
Upon which to rest my dreams and my hopes.

Behold! the skies ahead are blue
and the seas indeed are calm;

The sun doth shine with the golden light of her smile
And my cruise is ever pleasanter still,
With her my wife, and our love;
The winds are sweeter on our side of the hill.

KILL IT!
Go ahead, step on it.
Hurry, crush its head and bug its eyes.
BEAT IT!
SQUASH IT!
SQUEEZE IT!
Pull the legs off
And eat it.

D. List

A MISSING PORTRAIT

His mind drifts like the leaves of fall tumbling thru the air while his innocent smile follows the path of laughter in corridors of my mind.

He is the man who stops between steps and asks for a nickel, a dime, a piece of bread, a crumb, or a word that becomes lost in his years.

But don't forget

if he had died at the age of seven he would have been grieved, if at the age of manhood he would have been mourned, and if before his time forgotten;

but Look

he has grown old like a saint who greets you between life, old like an old man who offers you a smile free from the sockets of Time;

his life alone reflects the confusion of corridors in our mind.
