STUDENT CENTER DUE FOR A CHANGE?

Carroll's "Alice in Wonderland": "Just about as much right," said the Duchess, 'as pigs have to fly."

I advise all citizens to file a complaint with the Student Court if someone enters their residence illegally. For not only do you have a constitutional right, but according to the lease booklet, you must be informed of all planned entry (except Warrants) and can delay it for a maximum of 48 hours.

Letters

Dear Editor:

Regarding Sam Randazzo's article on the Hershey showing of the American classic "Deep Throat"; I could not disagree with him more. This movie is the searching story of one girl's quest for happiness and it reaches one beautiful climax after another. In fact, I believe the film to be worthy of a class here at Capitol. Maybe Doctor Chen could teach it.

Yours,
Elmo the Thud

U.S. CONSTITUTION Article IV, Amendment

Rights are more evident today as never before. Why? Just living in the Meade Heights

community one hears about the rights certain individuals think they have.

The right of the Student Security Task Force (meter maids) to become the replacement for the White House Plumbers.

The rights of Maintenance Men to become energy conservation conscious by coming into your house to turn off the lights you left on.

I ask all students: "Do they have these rights?" My best answer has to come from Lewis
