

A Note From The Editor.

**Remember
the Starvin'
Armenians**

This is the time of year that most standard newspapers print editorials relating to what we have to be thankful for. They always go on about how we should be thankful for the things we have that "less fortunate people" don't have.

That's the same spiel we all got from our parents when we were children: "Eat all your food. Think of all those poor starvin' Armenians." (By the way, I still want to meet a starving Armenian). And they'd also go on about what we all have to be thankful about.

Well, knowing that the few of you out there who read my column don't want to be bored with the same old shit, I've decided that, to make us all feel better, I'd draw-up a list of things we wish we could be thankful about if we only had them. After all, there is really very little in the news to actually make you thankful about anything, so this list will give you a reason to walk around with a Thanksgiving frown:

You wish you could be thankful about

- (1) Having Nelson Rockefeller as a friend.
- (2) Having three courses which require only one term paper, and no attendance, and the profs are Rockefellers with 'A's.
- (3) Going to a supermarket and not returning home with a case of high blood-pressure.
- (4) The only mushrooms that exist are the ones you grow in your garden.
- (5) Reading a really entertaining editorial in the Reader for a change.
- (6) Add your own list. Maybe it'll make more sense than mine.

At any rate, I hope that if you have anything to be thankful about this Thanksgiving, you enjoy yourself giving thanks while eating your bird (which'll probably be sparrow, at today's prices). And if you don't, well, that's your problem. Anyway, have fun on the only legitimate vacation Capitol Campus recognizes, and, Happy Thanksgiving!

Contest**

Want to hit Europe next summer, with a friend and have \$5000 in cash to spend?

This dream two months vacation can be all yours. No puzzles to figure out, either. Just take a picture which, in the opinion of judges, is worthy of publication in the Minolta College Gallery and is the best of all entries, and you'll be on your way.

Minolta's photo competition is exclusively for college students. Grad students, too. Male and female.

The big camera company has come up with a big idea: The Minolta College Gallery, a special section to appear periodically in College Magazine and containing at least ten prize winning photos taken by students attending a college or university in the United States.

The top prize will be a two months vacation in Europe next summer for the winner and a friend. The company will provide all air transportation and in addition give the big winner \$5,000 in cash to pay for all lodgings, food, ground transportation and other expenses. Additionally, the two travelers will each receive Minolta SR-T 102, 35 mm reflex cameras.

Contestants, whose pictures are published in the College Gallery, will each receive \$100 in cash.

Minolta has selected eight categories for the College Gallery: sports, still lifes, social commentary, human interest, abstracts, environment, humor or news. Visual effectiveness and technical ability will rate high. Also, to be considered in the judging will be the appropriateness of the subject matter to a specified category. Judging will be done by an independent organization.

Students can enter as many photos as they wish, but each must have an official entry forms. Forms can be obtained from Minolta's advertising department at 101 Williams Drive, Ramsey, N.J., 07446. Entries must be postmarked by January 20, 1975, and received by January 31, 1975.

A Minolta spokesman said that the contest for college students has no connection with any other contest the company might be running simultaneously.

So, get that camera loaded with film. And start shooting. We want one of us to win!

XGI REPORTER

Well, our Football Team has done it again. On a cold Nov. 13 night, a few bodies braved the weather to show up for a game but to their disappointment the game was forfeited by the Vikings. The team is now 5-2 and will play E-Z on Nov. 20.

Washington, D.C. - Monday, November 18, 1974 - XGI's of Capitol Campus participated in a march up Pennsylvania Ave. to raise support for the signing of the proposed GI Bill by President Ford. The new bill will give a 23 percent increase in monthly benefits, an extension of 9 months of extra benefits for undergraduate work, and a loan feature up to \$600. The President has threatened to veto the bill as he feels it is inflationary.

Watch the Patriot News for an exclusive article based on an interview with the XGIs of Capitol Campus. Mr. Barker Howland interviewed various fraternity members on Tuesday, Nov. 19. The article should prove to be interesting reading!!

Thank-you! Thank-you! Thank-you! to all the wonderful people who took the time and donated blood to help their fellow students. The Blood Bank is a very worthwhile cause and your support was greatly appreciated. A tally of the total pints donated will be presented in the next issue.

I also would like to thank all the people who supported our Keggar on Saturday evening. We all had a great time and we hope and trust that you also were relieved of the pressures of constant study. Sorry if the pressures were pounding in the head on Sunday!!!

About those Bulletin Boards

"Can I post this sign?"

"Nobody looks at the Bulletin Boards."

"Is anybody going to Philadelphia this weekend?"

These and similar statements are made by students practically everyday. So let's see if we can't work a little better.

First, students may post notices, signs, etc. on the Bulletin Boards. Each one is to have on it the name of who posted it and the date the sign is to be removed.

Second, notices are not to be of a commercial nature.

Third, the person who posts a notice is responsible for removing it.

Fourth, certain Bulletin Boards are for specific purposes - only post notices on them which are appropriate. At the bottom of the center stairway is a "Ride Board". Notices of rides needed or available should be posted there. On the first floor in the center section is a board where students may advertise for sale items - skis, books, motor cycle helmets, etc.

Fifth, notices may be posted only on Bulletin Boards - not on walls, doors, etc.

More detailed information can be found on page 34 of the Student Handbook.

If you have any questions, just stop by the Student Affairs Office.

Oh, one final thing. "Read what's on the Bulletin Boards, you'll find out what's happening on campus."

Ski Club Notebook

Snow tires are being rolled out and ski racks are being dusted off as ski club members and other local skiers anxiously await the first snow fall of the season. Now is the time to get those skis in condition.

The Ski Club trip to Whiteface of Killington is now scheduled for Jan. 2-3-4. For those members making the trip dues have to be paid by Nov. 28th and a deposit of \$25 is due on the first Thursday in December. If interested and can't attend meetings contact Bob Nace at 545-3119.

At one of our upcoming meetings we hope to have two films on Killington, one entitled "North Country Lady" and the other on the Killington Ski School. Ski Club meetings are on Thursdays at 3:05 in Room E-314.

To kick off this season there will be a ski club keggar early in December. Watch this column for further details. Also look for details on the first C. C. -Ski of the season... Think Snow!
