

# Soccer Games Roundup

By Maureen Griffin  
Staff Writer

Soccer coach Ed Trunk has been having difficulty getting his team to practices this year but it hasn't shown in the team's play.

"We're still coming up to our potential," commented Trunk, "but we're not there yet by any means." Trunk said one of the worst difficulties facing his team this year has been afternoon practices.

Normally, the workouts are held on the lighted field at night. Trunk said this system worked well because practices didn't conflict with classes. But because the lighted field is being re-seeded, the team has been forced to hold workouts in the afternoon. "I can't get the whole team on the field at one time because of classes," Trunk said.

In the team's opening contest this season at Berks Campus, the Capitol Campus defense shut off Berk's scoring drives for most of the first half. Goalie Rick Burnfield and center Jim Rowe combined efforts to repeatedly stall the Berks attacks. But, with five minutes left in the half, Berks broke through the Capitol defense to take a 1-0 lead. Berks kept this edge until midway into the second half when a Berks miscue evened the score. Capitol scored when the Berks goalie missed the signal from the fullback and the ball rolled into the goal. Both defenses stood rigid for the remainder of the period

and the game ended in a 1-1 standstill.

The offense got rolling October 16th in the home opener against North East Christian and the team came up with a 3-0 victory. Offensively, the Capitol Booters pressed for most of the first half. Trunk's team dominates the half but misses a lot of scoring opportunities and had to settle for a 1-0 halftime lead. The team came roaring back in the second half scoring its second goal sixteen minutes into the period and adding a third four minutes later. John Harris was the offensive leader in the game with two goals while Tom Plank provided the other score for Capitol.

However, Trunk's soccer team met its match October 18th in a game against Lincoln University and lost 6-2. Both teams played evenly throughout the first half. Capitol scored first when left forward Mounir Azar tallied on a pass from Bruce Hironimus. Lincoln evened the score shortly after and the half ended 1-1. Lincoln took the lead early in the second half on an eleven meter penalty shot. This initiated a scoring barrage that saw Lincoln rack up four goals. Capitol did manage another score on a penalty shot by Joe Michael but the game was out of reach by that time. The Lincoln defense repeatedly foiled Capitol drives in the second half and Lincoln glided to a 6-2 win.

## Christina Cox Wins Award

Dr. Robert McDermott, provost of the Capitol Campus, in conjunction with the Directors of the Renaissance Scholars Program, announced that Christina M. Cox has been offered an award for the '75-'76 academic year.

Ms. Cox of Elizabethtown is presently studying in her 10th term at Penn State-Capitol Campus. She is majoring in Social Science, Public Policy, and has maintained a better than B+ average. In addition Ms. Cox works three hours daily at the Public Information Office at the campus.

Students for the Renaissance Scholars Program are selected on the equally important basis of great financial need and a proven academic potential.

Your criticism is appreciated. Your flack we can do without.

## Class Action Suit

cont. from pg. 1

According to Deardorff, who is also the Student Government President at Capitol Campus, the topics covered at the meeting included a continuation of a repeal on the prohibition of food sales by anyone other than the University Food Service and a continuation of the standing University Canvassing Policy.

Deardorff stated that neither policy was changed and didn't indicate to this reporter at the time of the interview (October 17th) that any suit pending against the University over its canvassing policy.

It was indicated by an informed source at Capitol that the maintenance of the

status quo on the canvassing policy is the direct result of a deadlock on the Sales and Solicitation Committee which is composed of three student representatives, the director of P.S.U.'s Mt. Alto campus, a director of the Housing and Food Service and P.S.U.'s vice president of Student Affairs.

However, this deadlock may not be resolved before any court action is taken, since the next scheduled meeting is for the spring of 1976.

According to Deardorff, he will not be a representative on the committee at that time since his term on it is now expired.

The B.S.U. presents a HALLOWEEN DISCO October 31st at 10:00

Come have a nice Halloween!
