It's KEGGAR time again! Due to good feedback about the first keggar this year, the XGI's will sponsor the second keggar on November 15th. Once again, it will be at Middletown Anglers and Hunters Club.

Plan to stay around campus on that weekend, because earlier that same day will be the Meade Heights Board of Governors' Road Rally.

Persons competing in the road rally will be given discount On Tuesday Nov. II, the Peer coupons for entrance to the keggar that night. Plans are to announce rally results and give awards at that time. So, for only a few dollars apiece, you can have a real fun Saturday.

The XGI raffle is into full swing now! Get those tickets sold! Remember, all those good prizes go on December 3rd!

Recently, Paul Skodacek went to a great deal of trouble to present Penn State football game films to the school community and the general public for free! Well, the results were disasterous. Very few people showed up to see them. I'm sorry that Paul had to waste his time.

As of this writing, the XGI's football team stands at 2 wins and 4 losses. The bowling teams are not doing much better, but they sure have the best time at the bowling alley drinking all that Maalox.

Congratulations are in order to Chip Martin and Keith Millison for being elected to student government. Also, thanks go to other frat members who ran, and I hope that if they're still interested in student government they'll run for senior senators this year.

At the meeting on October 28, the frat saw films of last year's bathtub race. It was a real good time! The next meeting at the Tiltin Hilton will be at 9 P.M., November 11th. Hope to see you there!

If you are interested in joining, please leave your name and number in the DTK office, W-110.

### Lectures On **Birth Control**

Contraception Education will visit Program(PECP) Capitol, according to Roberta McLeod, coordinator of student activities.

Three lectures will be held in the Gallery/Lounge at 1:00, 3:00 and 6:30 p.m.

During the past few years there have been an increasing number of requests for contraception services. Women requesting medical attention for contraception have varying levels of understanding of contraceptive methods, devices, and techniques.

To alleviate this situation and provide much needed information, a pilot PECP was conducted in the spring term 1974.

After the program was evaluated and appropriately redesigned by students and health service personnel, it was instituted on a full time basis in 1974. This informative and interesting program is open to both men and women.

#### In the past few weeks there has been some concern about a common time period. A common time is a period when no classes are scheduled so that students may participate in club meetings and cultural events. In order to become more familiar with student feeling, the SGA and the C.C. Reader are running the following poll: 1. Is there a need for a common period at Capitol? NO YES 2. Do you feel all day Wednesday is acceptable as a common time? (This is the present policy.) YES 3. What day would you like to see a common period run? Thur. Fri. Wed. Tues. Mon. 3rd period. 4th period. 5th period Other

# **Registration Notice**

Pre-registration for the Winter Term will begin Monday, November 17.

**Registration materials will** be mailed to all Graduate students during the week of November 10.

Currently enrolled Undergraduate students may pick up registration materials in the Records Office beginning November 18.

Procedures for registration are outlined in detail in the Winter Term 1976 Master Schedule.

The registration schedule

## Urban Term To Be Offered

The Social Science Program announces a special urban term on the electoral process to be offered during the Winter Term.

This course which counts as three course units is offered in cooperation with the Pennsylvania Department of State.

Ten students will be selected to work with the

on work related to the Spring primary elections. A stipend of \$600 will be paid each student. Interested students

should fill out an application form obtainable in Room W-153 or W-356. For additional information see Dr. Bresler in W-356.

establishes priorities for class space on the basis of term standing. Students may not register before their scheduled time.

However, they may register any time after their scheduled time up until January 6,1976.

Pre-registration in November does not finalize a student's registration for the Winter Term. Registration is not complete or processed until all tuition and fees are paid.

After that date, late registrations will be assessed a \$10.00 late fee.
