

### Troubadour To Perform At Capitol

The Cultural Committee here will present Martin Best, a twentieth century troubador, on Tues. Feb. 24 at 1:00 p.m. in the auditorium.

Best tells his stories and sings his songs to the accompaniment of lute and guitar. He will perform anonymous and traditional ballads from the British Isles and America and lute music from 1150-1600. In addition he will perform "Songs of The Spirit", translations of American Indian texts set to music by Mr. Best.

Best received his education at the Guildhall School of Music, the Royal School of Music and the Segovia School. Prior to his touring as a troubador, Best performed with the Royal Shakespeare Company.

Admission is free.

### Documentary On Vietnam

Why did we go to Vietnam? What did we do there? What did the doing in turn do to us? "Hearts and Minds", the Academy Award winning documentary film which examines these questions, will be shown in the Lehrman Arts Center, Harrisburg Area Community College, at 2:00 p.m. on Sunday February 22.

It is sponsored by the Association for Students of Peace (ASP) at HACC and the Harrisburg Council for Universal Unconditional Amnesty.

For further information, contact James Zimmerman.

## More Of Star Trick No. II

From Page 4

hours away from her last reported position if we continue to proceed at warp factor five."

Shlock: "So we probably have only sixty hours to live?"

Captain: "If we had one more optimist like you I think I'd throw up."

Scene: Bridge

Sulu: "Captain, a large mass of debris 20,000 KM off, on course 0388.36."

Captain: "Heave to and beam aboard anything of value."

Shlock: "We have the ship's log, one uncharred cadaver and 132 wallets beamed aboard."

Captain: "Shlock, you get down and listen to the log, have Bones perform an autopsy on the body and have the wallets sent to my quarters."

Scene: Bridge

Dr. McCoy: "I've just performed one of the weirdest autopsies of my career. There wasn't a mark on him, he was perfectly sealed in his pressure suit and yet every organ in the trunk of his body was eaten away by some highly caustic substance."

Shlock: "On Earth, in the late 20th century, that was a rather common condition caused by university dining halls. No cure was ever found, except Meade Heights."

Dr. McCoy: "Never-the-less Shlock, we are separated from that horror by both time and place, which leaves this death a mystery."

Captain: "The ship's log, Shlock?"

Shlock: "Nothing Captain, the tapes had already been removed."

Captain: "Guess, Shlock."

Shlock: "I don't guess Captain, I make educated assumptions. My educated assumption is that the Centerfold complied with Standing Directive 37271.8."

Captain: "Which is?"

Shlock: "You know it as the Kamikazi Order, Captain. If a Star Fleet vessel is surrounded and in imminent danger of boarding and capture, it is instructed to destroy itself, it's crew and any record of their hardware's nature and capabilities."

Captain: "Kligons?"

Shlock: "It wasn't the Apache nation."

Scene: Bridge

Captain: "zzzzz...zzzzz..."

Mr. Sulu: "Captain, Captain! Mr. Shlock, would you please wake the Captain?"

SLAP!!!

Captain: "Whaa da...!?"

Mr. Sulu: "Sir, there is a Kligon cruiser 180,000 KM off our port side."

Captain: "Has it shown any sign of hostility?"

Sulu: "It hasn't even sighted us yet."

Captain: "Good. Raise shields and try to sneak into phaser range."

Shlock: "Sneak attack is against the Prime Directive's provision against aggressive action. And besides, it is dirty Captain."

Captain: "Shove it Shlock."

Sulu: "We're in phaser range, Captain."

Captain: "So soon, Sulu?"

Sulu: "I don't think you understand, Captain. They're not in our phaser range, we are in their phaser range. That is the other four Kligon cruisers now surrounding us."

Captain: "Oh."  
Shlock: "He who lives by the phaser, dies by the phaser."

END EPISODE II

### Student Hospitalized

Dick Kline, 12th term social science student, will be in the Harrisburg Hospital room 608, for an indefinite period of time. His hip is broken in three places as a result of an auto accident.

He would appreciate cards, letters, telephone calls or visits. His phone number is 782-5762.
