**TENNIS TEAM:** The Capitol Campus tennis team has ended its regular scheduled season with 6 wins, 1 tie and 4 losses.

It was a very good season under the capable coaching of Tom Coleman, plus the great playing ability of all team members who are: Barry Healy, Ron Hartman, Rich Larmour, Steve Goldstein, Don Reich, Bob Gabler, Pete Fuoco and Jim Abod.

**INTRAMURAL BOWLING:** By the time this issue reaches you the bowling roll-offs will be over. They were scheduled for Monday evening, May 24, and it is impossible to hazard a guess as to the results! Too often top teams have been "bowled over" in the play-offs. The "Stump Jumpers" had been in the #1 spot for some weeks but were dropped into third place before the season ended and their #1 spot has been dominated by the "Pumpers"!

Bowling rates among the more enthusiastic programs offered on campus. There has always been a big response to this sport each term, so we will look forward to another good bowling season when fall term begins. To the graduating seniors we say, farewell, good luck, we will miss you, but: "Keep on rolling"!

Kerestes was also selected by the directors of the Renaissance Fund on the basis of high academic potential.

## Correction

In our last issue we made a mistake. The man who was about to be jabbed in the throat, by Yvonne Milspaw, was not Martial Arts Instructor, Charles Cavrich. His name is Steve Norford, and he is a student here.

As of this writing, the XGIs just beat Fist City in softball by the score of 23 to 21. This now leaves the XGIs record with an impressive 10 wins and 2 losses.

The blood drive sponsored by the fraternity on April 29th was very successful. Fifty-seven people took the time from their busy schedules to donate a pint of their blood.

The XGIs would like to thank all those who participated. Please keep in mind, our next drive will be in the fall term of '76.

Good luck and best wishes to all graduating seniors and happy job hunting.

## If Aristotle were still alive, we'd probably flunk him.

He'd be too old. Generally, the younger you are and the better your health, the better your chances.

So, don't wait. Buy now, and, regardless of what happens in the future, you'll have protection. At the lowest rates possible.

Stop by our office and let's talk over the benefits of buying while you're still in school.
