

**PAUL KITSAKOS, Junior, Transportation Tech Major**

# I did it.

“With two years of college behind me, I began looking ahead. I found out I could get my degree and an Army officer’s commission at graduation. I got over \$500 for a six weeks camp at Fort Knox,

Kentucky and will have received \$2000 worth of financial aid by graduation. Upon selection for active duty, I’ll have an annual starting salary of over \$11,300.00.”

**Army ROTC in two years.  
You can do it, too**
