XGI Reporter

By Keith Millison
Although this is my last issue for writing an article for the fraternity, I don't have any regrets because I know that the person taking my place will do even a better job. I just want to take this time to thank everyone in the fraternity for making this the best year that I can remember. For those of you who are not a member of the fraternity, you're missing a great opportunity to meet a great bunch of guys. These are the type of friends you keep for the rest of your life, not a passing memory in your college flashbacks. If you're a junior now, take a good piece of advice and look into joining the fraternity.

I also want to express my thanks to all members of the softball team who did an outstanding job up at University Park this past weekend. We had to play 6 games on Saturday and since the tournament is double elimination, we were out after

our second loss. Having a record of 4 wins and 2 losses against the quality of teams we had to play is indeed a big accomplishment. I would have liked to mentioned everyone's name who participated, but space does not allow me to do what I want. I just want the players to know that as their coach they made me very proud and we're going to go all out for the trophy here at Capitol. Another sports note worth mentioning is the first place standing of the XGI#1 bowling team. At this rate, with 14 wins and 2 losses, there is no denying our team a playoff position.

In my closing statement, I want to thank our fraternity advisor, Mr. Achorn, for everything he has done. There isn't enough I can say or do to thank him, everyone in the fraternity feels this way. Thanks to all my friends in the fraternity for their continued support and inspiration, especially thanks to Joe.
