

The Lion's Den

Penn State has something that's orange and white and purrs in the night. Maybe you've seen it cruising around campus or maybe you were fortunate enough to make it to the "Hershey World of Wheels" at the Hershey Convention Center on January 6-8 where "The Lion's Den" custom van was on display with about 100 other custom vans, cars, and bikes.

This "pride of Penn State" creation is owned by John Hancharik, an engineering student at Capitol Campus. John designed the camper style interior which features orange and white formica cabinets, sink, ice box, a stove mounted on the van door to look inside of out and a heart shaped table that flips into a bed. The exterior is orange and white with murals of lions adorning the sides, hood, and spare tire cover, along with heart shaped windows, fender flares, and 50 series T/A radials on 8 1/2" wire mag wheels.

Much of the \$12,500 invested is due to all of the electronic goodies inside, such as an overhead console

with 8 gauges to monitor all of the systems within the van, Pioneer cassette and an AM/FM 8 track stereo with 6 speakers and Mindblower amplifier, CB radio telephone, 12 volt TV, and 2 alarm systems.

His van, along with its matching Pinto cruisin' wagon, have won 21 trophies thus far, including a 2nd place in his class at the Hershey show. After 2 years on the show circuit now, John plans to sell his '76 Ford van and Pinto wagon and begin building a new "living room on wheels" based on a '78 Ford QuadraVan (4-wheel drive van). We wish him luck!

Wanted

The C.C. Reader is running smoothly, but more mass media students would be greatly appreciated. Any interested people are welcome. Ideas are ticking. You've got an idea, come in the office and talk about it. Office hours are M.-Fri. 3:00-5:00. An editor for next year is needed. Only serious, dedicated applicants need apply.

PLCA Internship Available

The Pennsylvania Legislative Correspondents Association, an organization of state government reporters based in Harrisburg, will have a summer intern program again in 1978.

Two students, who currently are Juniors, will be picked for the 12-week program which will begin in the late Spring. The stipend for each student will be \$1,200. The program is open to students attending Pennsylvania colleges and to Pennsylvania residents who go to school out-of-state.

The interns will have the opportunity to work with reporters from the Harrisburg bureaus of AP, UPI and Allentown, Harrisburg, Philadelphia and Pittsburg newspapers. The emphasis will be on reporting state government news and acceptable stories will be published. We are interested only in persons who plan to make journalism a career.

The deadline for applications is February 15. Entries postmarked after this date will not be accepted. The PLCA Scholarship Committee will pick the interns by March 15 after personal interviews with the finalists. We also have two \$500 scholarships available to finalists who can prove financial need.

Students who want to apply for the internships should provide the following information:

- A resume that includes information on all previous work experience.
- A copy of your latest transcript.

-Samples of your work (either clips or classroom assignments).

-Three references, preferably from journalism teachers or employers. Please include the telephone numbers of your references.

-300 to 500 words on how you plan to use this internship. It must be typed.

Students with questions about the program can contact Tom Ferrick at 717-787-5990.

The applications should be sent to:

Newcomer

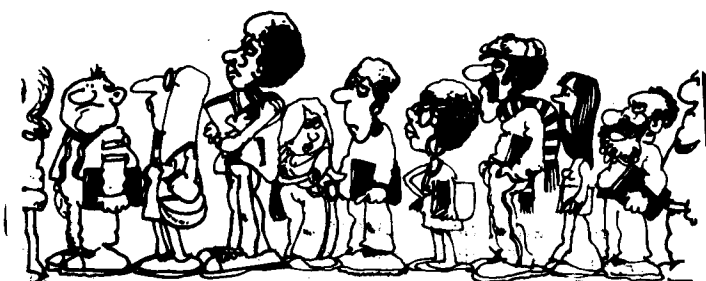

By Rick Haythornthwaite
Staff Writer

Richard Tomlinson has been hired by the Placement Office to fill the newly-formed position of Cooperative Education Specialist.

Mr. Tomlinson will be responsible for finding cooperative education positions for students and for finding students to participate in the cooperative education programs at Capitol Campus, says Ms. Peggy O'Hara, Coordinator, Career Planning and Placement.

After graduating with a B.S. in Business Administration Management from Shippensburg State College, he held a number of counseling positions. Most recently he was employed in a Neighborhood Youth Corp Program in Harrisburg as a counselor for college interns.

Ms. O'Hara said that funds are available to retain Tomlinson until the end of August, 1978. Further funds have been requested.
