First, I would like to apologize for calling off the keggar last Saturday but the band that was supposed to play had trouble getting here so at 2 p.m. the keggar was called off. Anyway, the next keggar is scheduled for February 25th at the Student Center. We are trying hard to find someplace else to have our keggars but as it stands now we will have the next one at the Student Center.

We are currently in a minor dilemma, we need an advisor for our club to replace Mr. Acorn. If any faculty member would like to be our advisor call me at 944-0106 or stop by the lounge. There is very little, if any, workload involved and

the nature of the job is advisory.

We are currently looking for new members, especially juniors, whom we need to maintain our continuity as our leadership changes hands.

The Chi Gamma Iota fraternity would like to welcome Phi Beta Lambda, a business organization, which is the newest club on campus. The challenge, as we have learned by experience, is not starting something but keeping it together. Lots of luck.

P.S. ¶ Mucho congratulations to our new members Carol Andress, Rick Wadell and Charles Pastva.

community. Accordingly, the visitors to Mexico, as well as the American hosts, will consist of people from all walks of life.

Many other people from Capitol Campus are involved in February's exchange, including Dr. McDermott, Provost, who is chairman of the program's Workshop Committee. This committee meets several times with the hosts and ambassadors before the trip, offering advice and suggestions concerning their visit.

Mr. Clem Gilpin, one of the Capitol Campus instructors working to make the exchange successful, notes at this time people who can speak Spanish are still needed to help receive the Mexican ambassadors when they arrive at Harrisburg International on February 20. Anyone interested in helping should contact Mr. Gilpin in his office, W-154.

Again, as most of you do or don't know by now, our trip to Washington, D.C. was called off because of the snowstorm. (Sounds old, doesn't it?) So, the trip has been rescheduled for Saturday, February 18th. It will be an arts tour and I will write more about it in about two weeks. Anyone who is interested should call me at 944-0106 or sign-up at Professor Gilpin's office at W-154. The sign-up sheet is on the door.

We still need some help with the upcoming Model United Nations that is being sponsored by the International Affairs Association on February 23, 24 and 25. If anyone has any help to give on all or any of these days, please get in contact with us.

We are still looking for people who have favorite recipes and would like them published. We are putting together an international cookbook which we hope to have on sale by April. I will write more on this subject and others in the next issue.
