Student leaders ready

by roberta mcLeod

Forty student leaders started the school year early when they attended a conference at the Pocono Environmental Education Center near Bushkill Pa. last week.

The student leaders included organizational and club leaders as well as, Resident Assistants from Meade Heights and the dorms.

Sponsored by the Student Government Association and Student Affairs, the Workshop enabled the student leaders to meet each other and discuss plans and activities for the coming year. Training in styles of leadership with both theoretical and practical sessions were provided.

The conference workshops were headed by the Conference Committee and the Student Affairs Staff. Staff members who participated were: Jerry South, Director of Student Affairs; Roberta McLeod, Coordinator of Student Activities; Marian Kreger, Director of the Counseling Center; Ed Beck, Counselor; Bud Smitley, Recreation/Athletic Coordinator;

Pat Murphy and Richard Ahrendt, Resident Living Coordinators; Peg O'Hara, Coordinator of Career Planning and Placement; Robert Hamill, Career Planning and Placement Specialist; Chuck Aleksy, Supervisor of Police Services; Jim Paul, Safety and Police Services

Specialist and Glem Gilpin (faculty), Vice Chairperson of Faculty Council.

The opening session which was designed to "break the ice" between those present, was directed by Sally Smith, Professional Counselor at Millersville State College.

Workshop activities included planning sessions for organizational activities, finance and budgeting and policies governing organizations. In one session, student leaders worked through the organizational structure of the university to develop theoretical proposals concerning snow removal and a mini-concert.

In addition to the workshops, student and staff also participated in Action Socialization Experience which involved group problem solving of ten slightly impossible physical tasks.

A valuable part of the conference included a discussion between the student leaders and Dr. Theodore L. Gross, Provost/Dean and Dr. Duane Smith, Assistant Provost. The main topic of discussion was the future of the campus.

The conference was not all meetings and discussions. An evening of music and square dancing was provided by the Juggernaut String Band.
