

Engineering-in-training

All classes are scheduled from 6:30 to 8:30 p.m. in the Auditorium

Applications now available for EIT Exam from Ann Kirschm 261. Sponsored by the P.S.P.E.

Class	Day & Date	Topic	Instructor
5	Today Nov. 1 Thur.	Chemistry & Nucleonics	Dr. Blatt
6	Mon. November 5	Chemistry & Nucleonics	Dr. Blatt
7	Thur. November 15	Dynamics	Professor Brey
8	Thur. November 29	Dynamics	Professor Brey
9	Thur. January 10	Strength of Materials	Professor Brey
10	Thur. January 17	Strength of Materials	Professor Brey
11	Thur. January 24	Fluid Mechanics	Professor Brey
12	Thur. January 31	Fluid Mechanics	Professor Brey
13	Thur. February 7	Engineering Economy	Professor Brey
14	Thur. February 14	Computer Science	Dr. Welsh
15	Tues. February 19	Computer Science	Dr. Welsh
16	Thur. February 28	Electrical Theory & Systems theory	Professor Bubel
17	Thur. March 6	electrical Theory & Systems Theory	Professor Bubel
18	Thur. March 13	Electrical Theory & Systems Theory	Professor Bubel
19	Thur. April 3	Thermodynamics	Professor D. Miller
20	Tues. April 8	Thermodynamics	Professor D. Miller

Hillel to host and Hillel to host lox and bagel brunch

Due to the unfortunate timing of our charter we have been forced to cancel the lecture by Rabbi Wohlberg that was to be given Oct. 29. However, we are not still sitting still. We have new things in the works, so keep your eyes peeled to this column.

Counseling center offers course

"So You Want To Go To Graduate School?" is the title of a workshop covering the many intricacies and aspects of applying to graduate or professional school. The workshop will be held on Thursday, November 8, 1979 during the fourth period (12:15 to 1:30) in the Gallery Lounge.

Topics to be covered in the workshop will be; "How to Make an Educated and Well-Researched Choice of a Graduate Program" and "Helpful Hints in Your Application Procedure." Following the presentation there will be a discussion of topics of concern to individual participants.

Dr. Marian E. Krieger and Edward Beck will be leading these workshops. This workshop is the second in "Directions 1979-80" series, offered by the Counseling Center staff. All are invited to attend.

On Nov. 18, 1979, Hillel is presenting a "LOX and BAGEL" brunch that will be accompanied with a film. And what better film than a "Marx Bros." classic. There will be plenty to eat and time to sit back and enjoy the film. Reservations are necessary, but

there is no limit to the number of people. We cordially invite you to join us. This is open to the entire school. We would like to see you there.

For full information, and to make reservations call IRA MELTZER at 944-1245. (1 p.m. to 10 p.m. daily, please)

XGI's staying active

October was ushered out in style on Tues., Oct. 23, as the XGI's continued to engage in constructive diversion from the doldrums of Capitol Campus. That's right!, we have not yet resigned ourselves to accept the prevailing attitude entrenched within the student body. Accompanying the evening's social merriment was a brain-bustling session that yielded several excellent ideas which should reach fruition by the middle of November. So brace yourselves, people -- the plans are in the works.

Sometimes people stop Fraternity members in the halls and ask, "What do you want from the students -- blood? Frankly, the answer is YES, WE WANT YOUR BLOOD! That's right, Nov. is

here again, and so is the Fall blood drive. So, all you good, healthy people, pump up your arms and sign up to donate a pint. At present, the Bloodmobile is scheduled for a day during the week of Nov. 12. Keep an eye open for the posters that will fill in the details.

Two new members joined the Fraternity's ranks recently -- Frank Tommelleo and Mike Cocciardi. If you know Mike, ask him about his experience of eating cake. Odds are he will not "kiss and tell."

Out next meeting is Tues., Nov. 6, at 9 p.m. Membership is open to all students, so why not fit in a few hours on Tuesday's schedule and join the activities. If information or transportation are needed, stop by the XGI Lounge in W-114.

Rally and Grocery Grab Winners

With a case of beer under one arm and clues in the other, Mike Kennedy and Larry Leightley set out to have fun in the Fall Road Rally. Along the way they found out that Indians echo, lobsters are alive in Fox's, banjos are expensive, and that there are 15 stop-lights at a 4-way intersection. They also learned how to negotiate 180-degree turns in the middle of Route 39, and how not to stagger while talking to East Mall security officers. After it was all over, there were amazingly--one empty case of beer and two trophies in hand.

Although not everyone won, everyone had a good time. The beer didn't run out and the Band (Aries) was great. Thanks go out to all the board members and to every-

one who participated, especially Pat Murphy.

The Grocery Grab was won by Joan Bechtel, a part-time professor in the Chemistry Department. In three minutes, Joan ran away with \$278 worth of food from Fox's grocery, a new grab record. The board would like to thank Fox's for sponsoring this event.

The annual Thanksgiving communal dinner will be held in the student center at 6:30 p.m. Monday, November 19th. There will be loads of food: turkey, potatoes, gravy, stuffing, vegetables, salad, bread and butter, beverages, and dessert. The price for all this is \$3.00 for adults and \$1.50 for children. Sign ups will be at the round table 3-5th period, November 8-16.
