### S.A.E. to hold Car Bash

The S.A.E. (Society of Automotive Engineers) will sponsor a car bash on December 3, 4, & 5 behind the main building. All students are invited to take out frustrations or revenge by sledging a car. A nominal fee of a dollar for five hits will be charged.

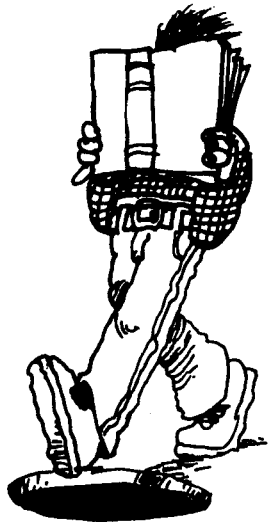

### Drummer causes cancellation

The GPP November 27 concert, featuring Steph, was cancelled by the band as a result of their drummer being unable to perform.

Jay Redman, GPP chairperson, said that the band will not be rescheduled unless there is considerable student request.

"I am extremely upset about it--we apologize," Redman said concerning the cancelling of the concert. Refunds for concert tickets can be arranged by contacting Redman at 944-9338.

GPP is planning a major concert early in the Winter Term.

COMMENTS--By the way, the Rate-A-Bar- committee tried to rate a bar in Cambodia, but our passports were revoked (P Bar staggered in the passport office). We donated a keg of beer instead. Oh yea--IAA has received a donation from us as well.
