## Declaration of War

## Query

... from page one

After this the group assembled in the gymnasium and were instructed how to overcome general stress. Edward Beck, a counselor at Capitol Campus, acquainted the leaders with a type of meditation to induce relaxation. Students were encouraged to use this technique to combat that stress which evolves in their lives due to the increasing amount of responsibility they shoulder.

Once all participants were relaxed, they were ready to set the tentative goals for their revolution. SGA President Rosanne M. Rosenberger and SGA Vice President David J. Austin led an informal group discussion on student organization priorities.

New ideas were evaluated -- Improvements for the Student Center, concerts, movies, dances, vendorville, student newspaper, etc.

As the conference adjourned, the revolution was already taking place. It was anticipated by many who attended that this revolution would continue for many weeks, months or even years.

[Note from author:

All Capitol Campus students and staff are encouraged to be on the lookout for traces of the "Revolution" in their own organizations and activities. Also... if there are any student leaders who were unable to attend this conference, they can become privy to the tentative goals and steps which this "Revolution" will follow. By making a short visit to the Student Activities Office, W-104, they can obtain all propaganda needed to become involved!

The Federation of EKM Starbase Colony 09 which lies on the outer perimeter of Edaem Sthgieh Empire has declared war on A.S.S. Anon (he's been demoted) and his revolutionary hoard of authoritarian personality types.

Detente, which was in effect for the past one solar term, has apparently failed. Reliable sources have stated that Anon and his troops have been under surveillance since the war last solar term. During that battle EKM Starbase warriors heroically and victoriously conquered Anon's "revolutionary" force and added stability to our star system. Federation officials decline to comment on certain rumors. The most popular is that while Anon was employed by the Cosmic Reader, revolutionary tendencies entered his mind. Therefore EKM Starbase Colony 09 has been chosen as the detachment to restore order in the 009 quadrant of the Edaem Sthgieh Empire. More stories to follow...

Spiritwood, two artists playing and singing in the folk tradition, will perform at 8:30 p.m. Tuesday, January 20, 1981 in the Student Center. The concert is free. Spiritwood is Lee and Larry Lawson of New Berlin. Their performance features the traditional music of England, Ireland and Appalachia as well as original material. Their repertoire ranges, however, from a bit of country to a parody of blues or rock 'n' roll to an a cappella tune.
