Duch's Corner

By Ken Aducci,

ZZZZZZZZZZ

Well, I told Dick Vermeil in my prediction last paper that to win the Super Bowl he would have to let Pisarcik play. He didn't play him, so "Another One Bites the Dust." No, seriously, the Raiders just plain outplayed the Eagles in every facet of the game. There isn't much I can say to cheer up the Eagles fans, except to look forward to next year.

I.M. Bowling standings should be found somewhere on this page I hope. W.S.D.C. is in first place right now, with the Prowlers and 11th Framers close behind. John Pietrowski has high game and series this week, with 219 and 553, respectively. Bruce Rambacher has high average at 174.

The indoor soccer team finally picked up a victory, beating a Lower Paxton team 2-0, but we lost the first game to them 3-1. Only problem is, that was two weeks ago and I don't remember who scored, sorry guys! But I do remember Jim Scott (J.R.) playing a strong game in goal to earn a shutout.

This past week the team dropped two games to a team made up of local area soccer coaches. The first game we lost 3-2; the second game I lost count of goals scored on us after about five. Nobody's fault though--the team just fell apart (but I finally got a goal).

Varsity Bowling team is doing pretty good this year so far, with a record of 6-7. High bowlers are Ray Secord with 192, and Kenny Wardenski with 187.

The basketball team lost to Valley Forge, Shenandoah, and Spring Garden this past week, but picked up a win over Southeastern, 75-62.

Jack Wilson had a week point average of 35, with seven blocked shots. The team has also had some outstanding play by Ron Kuzo and Dave Shannon. Jim Flatley gave outstanding support in the Shenandoah game.

Well, that about wraps it up for this week. Oh, I almost forgot--only one or two weeks until the Bill Klavonski Bete Fish fighting teams are ready to do battle, and the car racing is getting hot in Tom Spinella's living room.

NCAA 215
AIAW 0

Campus Digest News Service

Last Tuesday, the NCAA brought women's sports into its domain, voting to sponsor women's athletic championships.

The proposal up before the NCAA's 75th annual convention was opposed by the Association of Intercollegiate Athletics for Women, the present sponsor of women's collegiate sports. The AIAW objected to the proposal as an intrusion upon its private area of concern, a wire story reported.

Donna Lopiane of the University of Texas and the AIAW president felt no consolation by a suggestion offered on the convention floor to give women a choice of which organization they wished to join.

"The suggestion that women will have a choice as to whether they want to be with the

AIAW or NCAA is ridiculous," she said. "There will be no choice for many, I'm afraid."

Membership in the NCAA will mean a new set of eligibility rules for women's athletic programs. Most notably, NCAA rules allow for recruitment of athletes from other campuses, a provision absent from the AIAW charter. The latter, however, allows transfer students to compete their first year with the new school. Under NCAA rules, an athlete cannot compete for one year after transferring.

Also at Tuesday's convention, the NCAA approved a proposal to bring females in its governing structure. The plan provides for the immediate placement of about 215 women in key committee positions in the organization.
