### For Your Information

Students frequently ask counselors and faculty whether or not taking the GRE, LSAT, GMAT and other tests a second time is worthwhile. In an article in the December, 1980, **Law School Admission Bulletin** the following table appeared with the caveat: "The data in this table are based on a self-selected sample of persons who elected to repeat the test for a variety of reasons. If all the examinees were to repeat the test, the results might be significantly different. Therefore, you should keep in mind that the table may not accurately reflect an individual's chances of obtaining a given [LSAT] score change." (p. 11)

### **Pace as Douglass** By John G. Harvey

Actor Charles Pace's one-man portrayal of the renowned freedom fighter Frederick Douglass, held January 29th in the Capitol Campus auditorium, is a tribute to Douglass and the great legacy that he left to the world. It is also a tribute to the accomplishments and excellent acting of Charles Pace.

With little more than a table and a few chairs, Pace was able to transform the stage into the Lloyd plantation, were Douglass grew up, a London tavern, a train traveling the Mid-west, and the Corinthian Hall in Rochester, New York. "Charles Pace as Frederick

Douglass" looks into the philosophy of Douglass as well as highlights his life as a slave and a free man committed to abolishing slavery in America.

abolishing slavery in America. Pace, who wrote as well as portrayed Frederick Douglass is a co-founder of The Afro-American Players, Inc., a theater company in Austin, Texas. He has also performed at several colleges in Africa as part of an exchange program.

An interview with Charles Pace (taped in the Black Cultural Arts Center) will be aired on Tuesday, February 10th at 10 p.m. on WITF's program "Common Ground."

### VIOLENCE ERUPTS BETWEEN ANON AND EKM FORCES

Update

EKM -- Fighting erupted between revplutionary and counterrevolutionary forces two weeks ago.

A lightly armed EKM scanning detachment was surprised on its way to Anon's revolutionary hideout by Col. S.C. Anon himself. Federation officials deny that the move by EKM warriors was an attack. They state that EKM warriors were on a search mission when Anon unexpectedly arrived and cut the force in two.

Although taken by surprise, the EKM warriors did effectively scan the revolutionary hideout for any defensive system.

Anon had not been able to put out a call for help because he was engaged in fighting an EKM warrior in an isolated battle.

No EKM warriors were lost and Anon was reported fleeing down Mars. Later that same week, Anon's force moved against EKM Starbase Colony 09 and successfully knocked out the screen defense system. However, no EKM warriors were stationed there at that time.

### **ANON'S REFUGE FALLS**

EKM -- Lt. Col. S.C. Anon's refuge was successfully attacked and captured by EKM forces last Friday. A fully equip ped detachment from the 09 starbase attacked Anon's refuge by entering thru a breech in their shield defense mechanism. No revolutionaries were reported captured. More recent reports indicate that there was one rebel sleeping in a hidden room.

After the initial attack, EKM intelligence directed the detachment to scan the SMROD system for Anon. During that scan, EKM forces were attacked by two hostile alien beings. Light damage was inflicted onto the detachment. After the attacks an immediate withdrawal was ordered. There was a negative scan on ANON.

Sunday, two days after the first major attack of the war, EKM again attacked Anon's refuge in full strength. This time battle was engaged and Anon's force was beaten back after thirty minutes of fighting. No demands for surrender have been given to Anon by the EKM Federation as of this time.

### **OUTSIDE FORCES ENTER WAR**

EDAEM STHGIEH -- Government sensory scanners report that Lt. Col. S.C. Anon's revolutionary refuge was attacked by an outside force on Tuesday.

This surprise raid occurred one solar day after two major attacks by EKM Forces upon Anon's headquarters. EKM officials deny that government forces had any connection with the attack.

Identification of the outside force has not been determined and there is speculation that the lightly armed force consisted of stellar pirates. Damage to Anon's refuge has not been effectively scanned.

It is rumored that Federation officials will soon present Anon with surrender terms. If the revolutionaries accept the terms, they will be offered protection in the event of any other unwarranted attacks by outside aggressor forces.
