Health Fair

The 1981 Health Fair, co-sponsored by the Health Services and PBL, was a great success. It attracted 600 people, a 100½ increase over last year. Next year, we hope to draw 1,000 people. PBL would like to thank our co-sponsor Jean Kresge, all the members of PBL, and everyone who helped make this year's Health Fair the best ever--so far!

National Leadership Conference

PBL is proud to be sending representatives to the National Leadership Conference in Chicago. They are Denise Wells, Dave Boyd, and Susan Snell. Go out there and show Chicago what we have here at Capitol, and bring back with you new knowledge, experience, ideas, and friends that will carry PBL to heights never reached before. Although it is a serious event, do try to have fun. Good luck, and we will see you during the summer.

PBL Picnic

On June 3, PBL had an end of the year picnic in Meade Heights at the home of Ruth Yost. The festivities started at 1 p.m. and continued until the wee hours. Thanks to all for contributing to the success of the picnic.

End Of Year Comments

In the past year, PBL has grown from inactivity to become one of the most active clubs on campus. This new tradition will be continued during the summer. We enjoyed success at the State Leadership Conference, bringing home three trophies. Next year, the Capitol Campus chapter of PBL will dominate the competition. We will continue to grow in all facets and take PBL to new heights. Thanks to every PBL member for making this year the best yet for PBL at Capitol Campus. Good luck to Denise, Dave, and Susan at Nationals, and everyone have a great summer!

Hellos And Goodbyes

Dave Boyd, PBL Vice-President, will be returning for the summer term after participating in a co-op program for the U.S. Treasury in Washington. Welcome back, Dave.

Good luck to the PBL members who will graduate this term. We wish you success in the business world and in life.

You know who you are if you can't stand the heat, get out of the kitchen; if you don't like the spotlight, get off the stage. In other words, if you can't handle publicity you'd better get out of public positions. Anyone who has a spot where everyone knows them has to learn to take the bad truths along with the good truths. I know. I had to learn. I had to learn too.--You know who I am
